

TWO SCORE DEAD AS RESULT OF TORNADOES IN SOUTH AND MIDWEST

Forms Range from Rocky Mountains to Appalachian Range—South is the Greatest Sufferer—Youth 20 Years Old Walks Ten Miles to Report Storm at Pinson

(By The Associated Press)

CHICAGO, March 12.—Upwards of two score persons were killed as a result of the March wind, rain and snow storm which swept the country from the Rocky Mountains to the Appalachian range last night and early today. Many scores were injured and property damage is expected to run into the millions. Tennessee suffered the heaviest loss of life, the towns of Pinson and Deaneburg being wrecked and sixteen losing their lives at the former place and one in the latter town, according to reports last night. Snow or rain, and in some cases both, accompanied by stiff wind which in some localities reached a velocity of 80 miles an hour, took lives, wrecked buildings and property and crippled transportation and communication stems.

GOVERNOR SMALL IS ALLOWED UNTIL MAY 1 TO ANSWER

Ruling is Made by Judge Jones in Springfield

(By The Associated Press)

SPRINGFIELD, Ill., March 12.—Governor Len Small today in the circuit court was allowed until May 1 to make answer to the charges brought by Attorney General Brundage in the civil suit in which an accounting is asked for interest money alleged to be due the state. The ruling of Judge Norman L. Jones came after Assistant Attorney General Clarence J. Board in open court had characterized the governor's request for a delay as "an attempt to humiliate the court."

While the governor may have until May 1 to file his answer, if he intends to file any further pleadings in the case they must be in by April 1, according to Judge Jones' ruling.

Attorney Werner W. Schroeder stated tonight he had not determined when to file a plea or to enter an answer. The plea which would involve merely legal technicalities in the event one is filed would not be ready until the latter part of this month Mr. Schroeder said.

That it will be next summer, perhaps July before the case can come to trial was the prediction of Judge Jones.

In answering Governor Small's affidavit asking an extension of time, Attorney Board declared the governor was "camouflaging."

"He either is simple minded or believes this court is a fool," said Board. "The said Small has the unparalleled effrontery to say he has had no time. If he has not time to answer, in the name of God, how much does he want?"

Board declared the governor, instead of being busy in his office day and night as claimed, in the affidavit "has not spent one half of his time in Springfield since January 1."

Attorney Schroeder replied that Board's speech was "a vicious personal attack" and promised that if "mud slinging" was to be the tactics of the prosecution he "could try that kind of a law suit just as well as the other side."

BANK MESSENGER CAUGHT IN SPRINGFIELD

(By The Associated Press)

CHICAGO, March 12.—Wallace A. Swanson, messenger for the Hill State Bank, who disappeared last Wednesday with \$17,000 of the bank's funds which had been collected from merchants, was brought back here today from Springfield, Ill., where he was arrested this morning. All but about \$1,000 was recovered. Most of this, Swanson said he had spent for three motorcycles.

He said he went from Chicago to Kenosha and upon leaving Kenosha intended to go north but went south instead and rode back into Chicago before he realized his mistake. He was traced to Springfield thru a telephone call to a girl here.

FINED IN COUNTY COURT.

Roy Berry, generally known as "Fuzzy" Berry, appeared before Judge Samuel in the county court Monday. He was assessed a fine of \$200 and costs on the charge of illegally having possession of liquor.

REGULATIONS FOR CONTROL OF FARM LOANS COMPLETED

Sixty Million Dollars Now Accredited to Farm Loan Board

(By The Associated Press)

WASHINGTON, March 12.—The federal farm loan board charged with administration of the new government-financed intermediate credit banks, completed today the regulations which are to serve as the guide for the systems' operation in aid of the farmer.

The sixty million dollars capital, authorized by the law creating the new banks, automatically has been accredited to the farm loan board by the treasury and indications were given following a conference today between Commissioner Lobdell of the board and Secretary Mellon that a million dollars will be turned over to each of the twelve banks immediately on the issuing of charters. Additional funds up to the aggregate of sixty million will be supplied as needs arise. The board plans temporarily at least to hold loans made under the new law to a basis of nine months, or perhaps a year, he said, would be regarded as a period of experimentation.

A construction of the law's provisions made public by the commissioner was agreed upon in three day conference last week of the board with the land bank presidents. It said:

"Direct loans cannot be made to individuals. Direct advances may be made to cooperative marketing associations secured by warehouse receipts for staple agricultural products or by chattel mortgage on livestock. No such loan may exceed 75 percent of the market value of the agricultural produce or livestock."

"Loans may be discounted for national and state banks, savings banks, trust companies, agricultural credit corporations and incorporated livestock loan companies."

"No paper can be discounted upon which the borrower has been charged a rate more than one and one half percent in excess of the discount rate of the intermediate credit bank of the district."

"In making advances on warehouse receipts, the credit banks can accept only receipts from bonded government warehouses or satisfactory bonded warehouses operating under satisfactory state supervision and regulation. This should lead to broader interest and greater activity in the development of warehouse facilities and proper regulation."

"The facilities which the banks will be able to afford to cooperating marketing concerns should lead to a greater development of such enterprises."

"Ample funds will be available for loans to facilitate ordinary marketing but none to support speculative holding of farm products."

"No loans will be made for a longer period than nine months, until the system is thoroughly tried out."

"Upon livestock paper, satisfactory assurance of renewal will be given in proper cases but only in aggregate amounts equal to the bank's capital and then the subject of the mortgage must submit to re-inspection and a satisfactory condition of security."

SPARK FROM TORCH STARTS BAD FIRE

(By The Associated Press)

PITTSBURGH, March 12.—A spark from a torch used by a structural worker late today caused a fire which, fanned by a 52 mile an hour gale, swept thru the plant of the Federal Enameling & Stamping company, a McKees Rocks, a suburb, leaped across an alleyway destroying many small homes and seriously damaged the plant of the W. L. Singer ice company. The ice plant caught fire when excessive heat caused the explosion of several ammonia tanks. Twenty-three girls working in the enameling shops when the fire broke out, were rescued by firemen. A check on employees after the fire was brought under control showed three girls missing but authorities believed they would be located later.

DEAN CLARK HEADS JOURNALISTIC SOCIETY

(By The Associated Press)

APPLETON, Wis., March 12.—Dean Thomas A. Clark, of the University of Illinois was elected grand president of Phi Delta Epsilon, honorary journalistic fraternity at its convention closing here today. Others elected were H. E. Lombard, Massachusetts; president; Philip Peck of Chicago, secretary; Joseph Petty, Greenville, Ohio, treasurer.

The next convention will be held at Boston from Carnegie Institute of Technology and Wabash College were accepted.

DEAN CLARK HEADS JOURNALISTIC SOCIETY

(By The Associated Press)

APPLETON, Wis., March 12.—Dean Thomas A. Clark, of the University of Illinois was elected grand president of Phi Delta Epsilon, honorary journalistic fraternity at its convention closing here today. Others elected were H. E. Lombard, Massachusetts; president; Philip Peck of Chicago, secretary; Joseph Petty, Greenville, Ohio, treasurer.

The next convention will be held at Boston from Carnegie Institute of Technology and Wabash College were accepted.

SECRETARY HOOVER NAMES MEMBERS OF SPECIAL COMMISSION

Will Inquire Into Agricultural Export Problems

(By The Associated Press)

WASHINGTON, March 12.—Secretary Hoover today named the sixteen members of a special commission which will inquire into agricultural export problems and summoned them to meet here March 24.

All of those appointed are connected with agricultural organizations or with allied industries or scientific work related thereto. They are:

W. G. Jamison, LaVeta, Colorado; J. G. Brown, Indianapolis, and C. W. Hunt, Des Moines, Iowa, all three officers of the American Farm Bureau Federation; T. C. Atkinson, Washington, representative of the National Grange; Charles S. Barrett, president of the Farmers' Union; James F. Bell, flour miller, Minneapolis; Julius Barnes, president Chamber of Commerce of the United States; George McFadden, cotton exporter, Philadelphia; Ralph Williams, president Oklahoma Cotton Growers' association; Ralph Merritt, president California Raisin and Race association; Alonzo Taylor, director of the Institute of Food Research, Stanford University; James A. Broderick, vice president National Bank of Commerce, New York; Adolph Miller, member of the federal reserve board; Thomas Wilson, president American Institute of Meat Packers; H. C. Taylor, department of agriculture, and Julius Klein, department of commerce.

Dr. Frank M. Surface, who directed food surveys during the war for the food administration, will have charge of the investigation. Staffs of the department of commerce and agriculture will assist in the work.

The investigation was authorized by the last congress which appropriated \$500,000 partially for its work and for the purpose of investigating conditions in the rubber trade and other industries where it was considered foreign influences may have affected prices artificially against American consumers.

FEBRUARY NORMAL MONTH EXCEPT AS REGARDS RAINFALL

This Was Less Than Half of the Normal Amount

(By The Associated Press)

SPRINGFIELD, Ill., March 12.—February was a normal month in respect to weather conditions, except for the fact that the snow fall was less than one half of the normal amount. Clarence J. Root, state meteorologist said in his monthly climatological summary made public today. Snow, however, has averaged below normal every month since November, 1921, he added.

"There are some reports of peach buds being killed in the lower end of the state," the report stated.

"A little seeding was done. There was a water shortage in the west-central section. The ice harvest was completed. The roads were in bad condition much of the month."

In regard to temperatures, Mr. Root said that the highest stations reading ranged from 41 degrees to 65 degrees and occurred on several dates.

The lowest stations readings occurring at most places on the fourth, ranged from 15 degrees below zero to nine above.

Precipitation totals were below normal except in a group of the extreme southern counties. February was the third consecutive month with the precipitation below normal at all northern divisions stations.

GIRL COMMITTED SUICIDE, JURY SAYS

(By The Associated Press)

LOS ANGELES, Cal., March 12.—Arlene Zimmerman, formerly Mrs. A. R. Herrikson of Elgin, Ill., who was found dead from a bullet wound in an apartment at Venice, California, on March 4, last, committed suicide according to a report from the coroner's office to the district attorney here today. Ben Bojarsky, fiancé of the dead girl and Betty Miller, her chum who had been held pending investigation of the case were released after their report had been made.

BODIES OF OVER 300 BRITISH SOLDIERS FOUND

(By The Associated Press)

Amiens, France, March 12.—(By The Associated Press)—The bodies of more than 300 British soldiers have been found since January 1, in the Albert sector of the old western fighting front where heavy actions were of recent occurrence for a long period during the war.

The bodies were uncovered in the process of clearing the devastated woods in this sector and additional ones are being unearthed daily.

BRIEFS

(By The Associated Press)

Salt Lake City, March 12.—Operators of all metal mines in Utah are posting notices today announcing a general wage increase for all employees both mine and mill of from 7 1/2 per cent to 15 per cent a day with a maximum of 50 cents a day.

Will Evacuate Ruhr When Germany Begins Payments

(By The Associated Press)

BRUSSELS, March 12.—The French and Belgians by declaring this afternoon that they are ready when Germany begins payment, to evacuate the Ruhr and the territory recently occupied on the right bank of the Rhine, believe they have dealt a big blow to German propaganda, entirely contradicting the German statement that they were actuated purely by political motives in occupying the district.

The formal declaration was given out in the form of a communique following today's conference of Premiers Poincare and Theunis.

It was noted in some quarters that no mention was made of the Rhine and the statement. As regards the evacuation, it is pointed out that the same principle is applied as when the Germans evacuated French territory after the Franco-Prussian war, the troop withdrawal being carried out progressively as the French paid the indemnity. The Franco-Belgians say:

"What we want now from Germany is action, not promises."

With the political aspect of the conference settled the rest of the meeting was devoted to the immediate aspect of the situation, especially to obtaining coal for Belgium and coke for France from the Ruhr. Stipulations were made that German workmen helping to load coal at the mines would not be permitted to become the objects of German reprisals when the Ruhr is evacuated.

The conferees took special measures for granting import and export licenses and facilitating the foreign trade of the occupied region. These measures are said to have been taken in consequence of the complaints recently received from Switzerland and Holland, and in an effort to remove dissatisfaction in the English occupied zone around Cologne.

INJUNCTION ISSUED AGAINST FITZMORRIS BY JUDGE SULLIVAN

Prevents Stationing Officers at Entrance of Hotel Astor

(By The Associated Press)

CHICAGO, March 12.—A temporary injunction restraining Charles C. Fitzmorris, chief of police, from stationing policemen at the entrance of the hotel Astor, 174 North Clark street, was granted the lessees of the hotel today by Superior Judge Dennis E. Sullivan.

The injunction was the first of its kind to be granted since Chief Fitzmorris' special order of March 6, detailing policemen to all alleged disorderly houses. Final hearing on the injunction was set for Wednesday.

George E. Walker, an investigator for the committee of fifteen headed by the hotel, had visited the hotel six times since last November and that he had been taken to different rooms where there were girls who had solicited him for immoral purposes.

Week end raids on alleged disorderly houses crowded the calendar of the morals court today. More than fifty persons arrested in raids were granted continuances by Judge Daniel P. Trude. Two defendants, who gave their names as Miss Catherine Herman, 24 years old, and Peter Collins, 25, arrested last night were given the alternative of marriage or jail by Judge Trude. They chose marriage.

ARMY FLYERS WILL TRY TO MAKE RAIN

(By The Associated Press)

MOUNDSVILLE, W. Va., March 12.—A sergeant and three soldiers have arrived at the army flying field here to prepare for the coming of scientists who will endeavor to produce rain by dropping electrically charged sand from air planes on the "roof of clouds."

It was said at the field today that two or three weeks will be required before the preparation is complete.

The experiments are to be conducted by Professor William D. Bancroft of Cornell University and L. Francis Washburn of New York who also endeavor to dissipate fog. Some success has already attended similar experiments at Wright Field near Dayton, Ohio, but it was stated that this vicinity was better adapted.

REPORT OF PRIEST'S RETURN UNFOUNDED

(By The Associated Press)

ST. LOUIS, Mo., March 12.—Reports that the Rev. John A. Vranjak, Catholic priest of Virden, Ill., was seen late last Monday returning to Virden were scouted as without substantiation here tonight by police who are conducting a search for the priest who has been missing mysteriously for a week. The authorities admitted they have had no tangible clues as to the priest's whereabouts.

FRENCH-BELGIAN COMMUNIQUE WAS ISSUED YESTERDAY

(By The Associated Press)

BRUSSELS, March 12.—The French and Belgians by declaring this afternoon that they are ready when Germany begins payment, to evacuate the Ruhr and the territory recently occupied on the right bank of the Rhine, believe they have dealt a big blow to German propaganda, entirely contradicting the German statement that they were actuated purely by political motives in occupying the district.

The formal declaration was given out in the form of a communique following today's conference of Premiers Poincare and Theunis.

It was noted in some quarters that no mention was made of the Rhine and the statement. As regards the evacuation, it is pointed out that the same principle is applied as when the Germans evacuated French territory after the Franco-Prussian war, the troop withdrawal being carried out progressively as the French paid the indemnity. The Franco-Belgians say:

"What we want now from Germany is action, not promises."

With the political aspect of the conference settled the rest of the meeting was devoted to the immediate aspect of the situation, especially to obtaining coal for Belgium and coke for France from the Ruhr. Stipulations were made that German workmen helping to load coal at the mines would not be permitted to become the objects of German reprisals when the Ruhr is evacuated.

The conferees took special measures for granting import and export licenses and facilitating the foreign trade of the occupied region. These measures are said to have been taken in consequence of the complaints recently received from Switzerland and Holland, and in an effort to remove dissatisfaction in the English occupied zone around Cologne.

DOCTORS HOAXED BY MISS EVELYN LYONS' HIGH TEMPERATURE

(By The Associated Press)

CHICAGO, March 12.—A flesh colored hot water bottle was the secret of a hoax by which Miss Evelyn Lyons of Escanaba, Michigan, had been able to convince doctors for three weeks that she had a temperature of 114 or higher, altho apparently in good health, it was asserted tonight by Dr. Morris Fishbein, associate editor of the Journal of the American Medical Association, who related the investigation he made of the case.

The woman, who had once been a nurse, concealed this small hot water bottle in her bed, he said, and thru pretended fits of coughing and hysteria, managed to place the thermometer bulb on the bottle long enough to drive the mercury to the desired point where it remains in medical thermometers until shaken down.

Dr. Fishbein who returned today from Escanaba termed the girl who had been puzzling Escanaba practitioners for weeks and arousing interest thruout the country, a "hysterical malingerer."

Miss Lyons' hoax was exceedingly simple, Dr. Fishbein said. After contriving to touch the hot water bottle with the thermometer bulb, she again placed it where the doctors had placed it to take her temperature but when the reading was taken it showed the temperature of the hot water bottle. When for some reason unable to touch the hot water bottle, Dr. Fishbein said the patient either inverted the thermometer and shook it which caused the mercury to go to the top, or else broke the tube in her excitement and then refused to have a reading made until she was properly equipped.

Dr. Harry J. Defnet, city health commissioner of Escanaba and Miss Lyons' attending physician said at Escanaba today that he as well as other doctors there had been completely baffled by Miss Lyons' case. Dr. Defnet last week gave The Associated Press a signed statement that the temperature reading made in every way known to the medical profession were correct and accurate. At that time Miss Lyons was presenting the doctors with a temperature well above 114.

Dr. Fishbein said that the rapid pulse and other features in Miss Lyons' case were simply due to excitement and hysteria. He expressed the belief that her principal reason for feigning a soaring fever was to get publicity and said that "fever malingerers" are not unusual.

During Miss Lyons' "illness" she several times feigned unconsciousness and at times appeared to be in a dying condition. The most recent "crisis" was last Saturday night when two doctors remained at her bedside thruout the night in an effort to relieve her apparent suffering.

According to Dr. Defnet, his suspicions were aroused on this occasion. The acting, he said, was too good, as he became convinced no one could be in such agony as Miss Lyons professed to be suffering and remain alive.

FLESH COLORED HOT WATER BOTTLE USED ON WHICH TO PLACE THERMOMETER—HAS BEEN ABLE TO CONVINCE THEM OF A TEMPERATURE OF 114 DEGREES MORE THAN THREE WEEKS

(By The Associated Press)

CHICAGO, March 12.—A flesh colored hot water bottle was the secret of a hoax by which Miss Evelyn Lyons of Escanaba, Michigan, had been able to convince doctors for three weeks that she had a temperature of 114 or higher, altho apparently in good health, it was asserted tonight by Dr. Morris Fishbein, associate editor of the Journal of the American Medical Association, who related the investigation he made of the case.

The woman, who had once been a nurse, concealed this small hot water bottle in her bed, he said, and thru pretended fits of coughing and hysteria, managed to place the thermometer bulb on the bottle long enough to drive the mercury to the desired point where it remains in medical thermometers until shaken down.

Dr. Fishbein who returned today from Escanaba termed the girl who had been puzzling Escanaba practitioners for weeks and arousing interest thruout the country, a "hysterical malingerer."

Miss Lyons' hoax was exceedingly simple, Dr. Fishbein said. After contriving to touch the hot water bottle with the thermometer bulb, she again placed it where the doctors had placed it to take her temperature but when the reading was taken it showed the temperature of the hot water bottle. When for some reason unable to touch the hot water bottle, Dr. Fishbein said the patient either inverted the thermometer and shook it which caused the mercury to go to the top, or else broke the tube in her excitement and then refused to have a reading made until she was properly equipped.

During Miss Lyons' "illness" she several times feigned unconsciousness and at times appeared to be in a dying condition. The most recent "crisis" was last Saturday night when two doctors remained at her bedside thruout the night in an effort to relieve her apparent suffering.

According to Dr. Defnet, his suspicions were aroused on this occasion. The acting, he said, was too good, as he became convinced no one could be in such agony as Miss Lyons professed to be suffering and remain alive.

HEAVY ESTIMATES MADE BY ENGLAND FOR NAVAL WORK

(By The Associated Press)

LONDON, March 12.—The navy estimates for 1923-24 were presented in the house of commons today by Lieutenant Colonel Amery, first Lord of the Admiralty. The respective strengths of the British, American and Japanese navies were compared and the declaration of the admiralty included an emphatic restatement on the maintenance of a one-power standard as the irreducible minimum below which it would be absolutely impossible for the British Empire to allow its naval strength to descend.

The first lord believed the public would agree that even in a time of the most profound peace it would be impossible for Great Britain to be obviously and demonstrably inferior to any other power, however friendly.

The first lord pointed out that neither the United States nor Japan had reduced the personnel of their navies on such a large scale as Great Britain.

The gross estimates as laid down for the navy are 61,491,165 pounds, as compared with 59,476,857 pounds for the previous year.

FIRST LORD OF ADMIRALTY SAYS MUST NOT LET NAVY DESCEND

(By The Associated Press)

LONDON, March 12.—The navy estimates for 1923-24 were presented in the house of commons today by Lieutenant Colonel Amery, first Lord of the Admiralty. The respective strengths of the British, American and Japanese navies were compared and the declaration of the admiralty included an emphatic restatement on the maintenance of a one-power standard as the irreducible minimum below which it would be absolutely impossible for the British Empire to allow its naval strength to descend.

The first lord believed the public would agree that even in a time of the most profound peace it would be impossible for Great Britain to be obviously and demonstrably inferior to any other power, however friendly.

The first lord pointed out that neither the United States nor Japan had reduced the personnel of their navies on such a large scale as Great Britain.

The gross estimates as laid down for the navy are 61,491,165 pounds, as compared with 59,476,857 pounds for the previous year.

LABOR BOARD HANDS DOWN 200 DECISIONS

(By The Associated Press)

CHICAGO, March 12.—More than 200 decisions were issued last week by the United States labor board, making a record for one week's work by the board since its first decision, April 20, 1921. W. L. McMenimen, board member, announced today.

During the operation of the board to March 1, 1923, 11,624 disputes have been received. Of these 9,751 have been disposed of and 1,875 now pending. Four thousand and forty-nine of these were disputes of a local nature, affecting one road and its employees in one or more classes of service or possibly two or three roads at one point. Of these 2,397 have been disposed of and 1,633 are pending.

But two of the decisions of the board have been contested in the courts. One of these the appeal of the Pennsylvania system against the right of the road to prescribe how employees shall be represented was decided in favor of the board by the United States supreme court. The other, that of the Railway service and supply corporation against the decision of the board ruling against contracting out of shop work is pending in the federal court here. More than 2,000,000 railroad employees of the country, are under the jurisdiction of the board.

ALLEGED CONFESSION REVEALS BRUTAL CRIME

(By The Associated Press)

COLLINGSVILLE, Ill., March 12.—What authorities declared was one of the most brutal crimes in police annals was revealed here late today with an alleged confession by Felix Saneviev, 42 years old, that Sunday night he shot and killed Jack Factorius, 30, dismembered his legs and arms, put the parcels in sacks and threw them into a nearby creek. Police said Saneviev told them the killing followed a quarrel over Mrs. Saneviev, in which Saneviev accused Factorius of intimacy with his wife.

According to the confession Saneviev declared dismembering of the body occurred to him as a means of disposing of the corpse. The authorities expressed the belief he was mentally deranged.

WEATHER

ILLINOIS: Generally fair Tuesday and Wednesday, somewhat colder Tuesday in south portion.

Good roads and plenty of them is the slogan of both Senator Seay and Mr. Sheets. To these men differ somewhat in the method of procedure, they are agreed upon the single aim and that's what counts.

It's a good thing to boost everything that's boostable—and have the hammer for hitting the nail on the head when necessary, and for cracking nuts that prove obstinate obstacles in the path of progress.

An institution is but the lengthened shadow of a man. Personality dominates everything. The elemental human mind interprets every fact of nature, every act of man in terms of personality. People who believe there is nothing outside the material, non-personal things of time and space should consider the great fact of personality before forming a too hasty conclusion.

As an argument for farm bureau work the local organization might point to some of the benefits in DeWitt county, which have come about merely from the advocacy of crop rotation. True, the farm bureau was not the originator of the theory, but the organization has helped draw attention to it. In DeWitt county

on thirty-five farms owned by the Warner estate, definite records kept thru a period of years have shown that crop rotation has increased corn production seven bushels per acre and wheat by four and a half bushels.

The purpose of the state police bill as defined in the bill is as follows:
To serve and execute warrants of arrest and search; to arrest persons committing or attempting to commit crimes; to patrol rural districts and principal highways and waterways of the state; to cooperate with state and local authorities in the enforcement of the fire, fish, game, forestry, public health, animal disease and road and bridge laws; the police may act at the direction of the governor, the attorney general, the sheriff or police authorities of any city in suppressing crime.

The city primary election will be held today in accordance with the law, the polls will be open from 6 a. m. until 5 p. m. As there are contests for aldermanic places only in the first and third wards there is the possibility of a light vote. However, friends of Mayor Crabtree and other candidates who are unopposed should remember that a fair vote today will be a real compliment. Make it your business to cast a ballot today notwithstanding the fact that this will be a comparatively quiet election event.

Two days before the adjournment of Congress the special Senate committee, appointed to investigate charges of illegal hangings against American officers in France by the late Senator Watson of Georgia, filed its report. After extended hearings it was unanimously determined that the charges had not been substantiated. It is charitable to believe that Mr. Watson has been deceived by designing persons in making his sensational attack upon those in command of the American Expeditionary Force. Few people gave credence to the

alleged evidence that he produced, but everybody will feel a sense of relief that there was no semblance of truth to the story.

The worth of the heavy rain which came to Morgan county Sunday could hardly be estimated in dollars. To the farming communities it meant a great deal because the soil needed the moisture before crop sowing time. The rain will also be helpful to pastures and many a farmer has had a weary time for months hauling water for his stock. The downpour sent a bountiful supply into Maudsister lake and the danger of a water shortage in Jacksonville is now a thing of the past.

BETTER DAYS COMING

Bruce Barton, the well-known editorial writer and magazine contributor in the January issue of The Elks Magazine, says:

"Nothing impresses me more, in going about among great corporations than the fact that almost every one of them has a group of scientists continuously at work on some invention or improvement which will make the world an easier place to live in. A lot of this work of research is going on in a head within the next few years. We shall live to see the day when such tasks as milking cows, scrubbing floors, and washing dishes, any one of which can be done by electricity for a few pennies an hour, will be lifted forever from the hands and backs of women and men. Even the families that are now lowest in the social scale are going to have comfort and leisure, and opportunity such as never was in the world before."

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of Churches.

TUESDAY
The Peril of Riches

"How hard it is for them that rust in riches to enter into the kingdom of God." Mark 10:24. Read Mark 10:17-31.

"God has made money a part of his world. He has ordained that money shall play a prominent part in all human life."

MEDIATION: Money by itself is neither good nor bad. The use to which it is put determines its moral value. The rich are in peril lest they come to believe that money can buy all things; and forget that the best things are beyond price. What is my part in making and spending the

world's wealth? God created it all for good.

HYMN:

Take my life, and let it be
Consecrated, Lord, to thee;
Take my moments and my days,
Let them flow in ceaseless praise.
PRAYER: O Lord Jesus, give us more charity, more self-denial, more likeness to thee, teach us to sacrifice our comforts to others, and our likings, for the sake of doing good. Make us kindly in thought, gentle in word, generous in deed. Teach us that it is better to give than to receive; better to forget ourselves than to put ourselves forward; better to minister than to be ministered unto. And unto thee, the Lord of love, be glory and praise forever. Amen

NATIVE BORN

SPARTANSBURG, S. C.
Away down here in the land of cotton
The roads at times are a trifle rotten.
And some of the villages might be bettered
And lots of the people are quite unlettered.
And their clothes, at seasons, are bad worn
But the folks, God Bless 'Em, are Native Born!

Now I haven't a kick at the foreign strain
That's helped to settle our broad domain,
But nevertheless it's here confessed
I like American natives best;
I know their feelings, as they know mine,
For we all are built on the same design.

It's nice to know, when you chance to meet
A fellow citizen on the street,
That he will not waggle his head and say,
"No spik de English," and turn away.
But will smile and answer you, old or young,
In the tangy words of your native tongue.
It makes a stranger feel less foreign
To chatter awhile with the native born.

South of the Mason and Dixon line
In the land of waffles and southern pine,
They mostly spring from the self-same sod
That their dads and their dad's grand-daddies trod,
And I may be narrow and due for scorn,
But I sure am strong for the Native Born!

—BERTON BRALEY.
(Copyright, 1923, NEA Service, Inc.)

ADD THREE WORDS
A DAY TO YOUR VOCABULARY

Punitive
Adjective; pronounced pu-ni-tiv; accent on first syllable. Pertaining to or involving punishment either actual or suggestive as, A punitive expedition to show force or power.

Tactical
Adjective; pronounced tack-tikal; accent on first syllable. Characterized by adroit planning or measurement; artfully directed may apply to movements of an army, or in the every day affairs of business or politics.

Cabal
Noun; pronounced ka-bal; accent on first syllable. A joint intrigue; secret acts or designs of a few persons usually to promote their own views or interests. The word originated during the reign of Charles II of England and is composed of the initials of the names of his unpopular ministry, namely: Clifford Ashley Buckingham Arlington and Lauderdale.

ALEXANDER

Miss Helen Lindsay of Alexander spent the week end at the home of Mr. and Mrs. James Daly at Chapin.

Mr. and Mrs. C. E. Keenan and John Coker were Jacksonville visitors Monday.

Miss Mary Moats and her niece, Miss Katherine Morgan, visited the week end with Mrs. L. H. Standeford and family at Danville.

Miss Rowena Sinclair, one of the faculty members of the business college at Springfield, spent the week end at the home of her parents, Mr. and Mrs. A. M. Sinclair.

DANCING CLASSES TO GIVE PROGRAMS

Pupils of the dancing classes taught by Mrs. Clay Elliott and Miss Betty Palmer are to give a program for the pupils' mothers this afternoon at 1130 West Lafayette avenue. Arabian, Japanese and Grecian dances will be given in which the children will be prettily costumed. The members of the classes are: Elizabeth Capps, Jane Mosely, Ursula Brockhouse, Eleanor Chapin, Marian Cocker, Marian Walsch, Beata Armstrong, Barbara Dunbar, Agnes Brennan, Margaret Ellen Smith, Marian Frank, Cornelia Woods, Edith Rammelkamp, Margaret and Edith Elliott, Mary Ellen Newell and Tyra Smith.

FUNERAL WAS HELD AT MURRAYVILLE

Brief Services Held Monday Afternoon for Mrs. Henry Lewis—Burial to be at Tallula Today.

The funeral services in memory of the late Mrs. Henry Lewis were held Monday afternoon at 2:30 o'clock at the family home near Murrayville. The services were in charge of Rev. J. E. Powell, pastor of the Presbyterian church at Woodson, and were of a brief but impressive character.

The remains are to be taken to Tallula today and interment will be made in Greenwood cemetery there.

The deceased was born near Tallula forty-three years ago. She spent all her life there until the last seven or eight years, which have been spent in the Murrayville community. She was married to Henry Lewis about twenty-seven years ago, the ceremony taking place in Tallula. Mrs. Lewis is survived by her husband and one daughter, Velma, both of whom are now confined to the home by illness. There also survive three sisters and two brothers, all residents in Tallula.

CHARIVARI GIVEN FOR MANCHESTER COUPLE

Mr. and Mrs. John Thady Given Charivari By Friends Monday Night—Other Manchester News

Manchester, March 12.—Mr. and Mrs. John Thady, who were married in Jacksonville Saturday, were given a charivari Monday night by a number of their friends at the home of Mr. and Mrs. Charles Thady. There were about sixty in the crowd which went to the Thady home and proceeded to make things lively there. The merry-makers were soon invited into the house and several hours were spent with games and music, and delicious refreshments were served.

News Notes
Mrs. Charles Smith was called to White Hall Monday by the death of her step-father, Samuel J. Rigg, who passed away Sunday morning. The funeral is to be held in White Hall at 1:30 o'clock Tuesday.

The two weeks series of meetings which have been in progress at the Methodist church closed Sunday night.

Miss Ruth Moody of Chapin is assisting at the Farmers & Traders bank during the illness of Mr. Maine.

Miss Eva Gunn, who has been very ill for some days past, was reported somewhat better Monday. Mrs. F. L. Ledford of Jacksonville came Monday evening to assist in her care.

Dr. J. W. Weiss and C. D. Chapman visited E. L. Maine at Passavant hospital in Jacksonville Sunday afternoon.

The funeral of the late Duncan McKivers was held Monday at Montezuma.

Mr. and Mrs. C. H. Reineke are both ill at their home here.

The meetings announced to begin at the Christian church Tuesday night have been postponed until Thursday night, as Rev. Conlee Greer is unable to come until the latter date.

M. L. Robinson was a Jacksonville visitor Monday.

LARGE CROWD AT MT. EMORY REVIVAL

A large crowd was out Monday night at the revival service being held at Mt. Emory Baptist church, to hear Rev. Herman Gore preach a noble sermon on "The Seven Seals," taking his text from Rev. 6:17.

Reverend Gore is a young evangelist of only nineteen years, with a powerful voice, and a forceful speaker, but is a gospel singer as well. He said in last night's sermon that many people say what they are going to do when they get to Heaven; getting to Heaven is not all that is necessary, for many will get there but will never enter in because of unforgiven sins.

There is no use of children being unsaved today, he said. God gives the parents the power to teach them right and demands them to train them in the way they should go, and they should live right before them and bring them to Christ. He made a strong appeal to the sinners and backsliders and several gave themselves to Christ.

The public is invited to these services. All are made welcome.

I. C. OPENS SEARCH FOR NEW STUDENTS

Literature Goes Out to High School Seniors—Freshmen Limited to 150 for Entrance Next September.

Illinois college has started its campaign for new students to enter next fall. The freshman class this year is to be limited to 150 students and a fee of \$10 must accompany the application for entrance. One young lady has already sent in her application to enter the college in September.

Already hundreds of pieces of literature have gone out to the members of the graduating classes in various high schools over the state, and in a few days the new catalogues will be ready for distribution. The college is growing so fast that it was necessary to limit the freshman classes for next fall.

RETURN FROM WOODSTOCK
Dr. and Mrs. A. C. Bolle have returned after being called to Woodstock by the death and funeral of his mother, Mrs. E. C. Bolle.

LOCAL MEN SPEAK AT WINCHESTER MEETING

Morgan County A. H. T. A. Members Attended Meeting of Scott County Organization—Other Winchester News.

Winchester, March 12.—At the regular session of the A. H. T. A. here Saturday evening addresses were made by a number of Jacksonville men who were guests of the Scott county organization. Among the guests were C. A. Rowe, the state vice president; C. S. Black, T. S. Black and State's Attorney Carl E. Robinson, all of Jacksonville. Others who were present from Jacksonville were J. H. Lazenby, secretary of the Morgan county association; G. W. Patterson, Edward Patterson and Newton Flynn.

After the business session refreshments of hot roast beef sandwiches, pickles and coffee were served and then the men enjoyed a smoker. The meeting was a very interesting and profitable one for all present.

News Notes
J. B. Thompson is closing out his grocery stock. The room has been rented by the Kroger Grocery Co., of St. Louis.

Mrs. C. W. Cohagen has been visiting relatives in Granite City last week.

Little Louise Waters, infant daughter of Dr. and Mrs. E. B. Waters, who has been ill with pneumonia, is now improving. The Winchester Ad club have a nice display of prizes in the show window of the room formerly occupied by the Hainsfurther Clothing Co.

Miles Gish and family are now improving, all having been ill with the flu.

Mrs. H. D. Trickey and daughter, Mary Ann and son Alden arrived Saturday from Loganport, Ind. Mrs. Trickey is helping care for her father, Jackson Johnson, who is very ill.

The afternoon train, No. 48, did not arrive until 7:05 P. M. Monday, four and a half hours late.

Mr. and Mrs. P. R. Nelson are both confined to their home by illness.

Splendid display of spring hats priced very low. Carroll Millinery Parlors, 859 Routt street.

NOTICE OF FINAL SETTLEMENT

In the Matter of the Estate of Eugene A. Donnelly, Deceased.

NOTICE IS HEREBY GIVEN, That the undersigned, administrator of the estate of Eugene A. Donnelly, deceased, has caused its final report and account as such administrator to be placed on file in the office of the Clerk of the County Court of Morgan County, Illinois, and that it shall apply to said Court on Monday, the second day of April, A. D. 1923, at 9:00 o'clock A. M. of that day or as soon thereafter as it can be heard, for an order of approval of said report and account, and for its final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted. The Farmers State Bank and Trust Company, Administrator With the Will Annexed.

To the voters of the Third ward—I hereby announce my candidacy for nomination for Alderman, subject to the Republican voters of the Third Ward on Tuesday, March 13.

ORLEANS STORE RAIDED BY THIEVES

Sunday morning, W. A. Kinnett of Orleans discovered that thieves

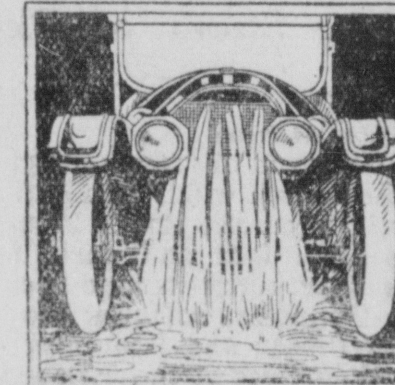

had pried the back door store open and had gotten with about \$150.00 worth of merchandise and cash to the value of \$15.00. There was \$25.00 in register but the thieves did a \$10.00 bill on the floor in their getaway. The merchandise taken included, alls, work shirts, knives, hosiery, cigars, cigarettes and derwear. No clues have found as to the identity of the robbers, altho several suspicious strangers were around the store late Saturday night.

HOLD RITES FOR MRS. I. C. COLEMAN MONDAY

Funeral of Well Known Local Resident Held at First Baptist Church — Rev. Dr. Marsh, Former Pastor, Delivers Sermon.

Funeral services for Mrs. I. C. Coleman were held at 2 o'clock Monday afternoon at First Baptist church. Rev. A. P. Howells, pastor of the church, conducted the services and read the scripture lesson. Rev. E. L. Pletcher, who was a close friend and neighbor of Mrs. Coleman, led in prayer. The sermon was delivered by the Rev. Dr. T. Harley Marsh, pastor of First Baptist church of Decatur, who is a former pastor of the church here.

A quartet consisting of Miss Carrie Spire, Miss Ruth Melba Armstrong, T. H. Rapp and L. B. Turner, furnished the music. The service was opened with the song "Jesus Lover of My Soul."

For scripture lesson, Rev. Howells read the 162nd Psalm from Mrs. Coleman's own Bible. This portion of the scripture had been especially requested by the deceased to be read at her funeral. He also quoted a few verses from the fourteenth chapter of John, which Mrs. Coleman had asked should be used in the services. "Let not your heart be troubled. Ye believe in God; believe also in Me."

In my Father's house are many mansions, where I go to, I would have told you. I go there to prepare a place for you; and if I go to prepare a place for you, I will come again and receive you unto myself, that where I am, there ye may be also." Dr. Pletcher then led in prayer, following which the quartet sang, "Lead Kindly Light."

In his sermon Dr. Marsh took as his text the words, "Let not your heart be troubled." He referred to his close friendship for Mrs. Coleman, whom he came to know during his pastorate here, and whose life and character he had learned to admire. He said in part:

"The words of the text show us that life is a tragedy. Sooner or later everyone comes to know the meaning of the troubled heart. If there is anyone to whom trouble has not come, he must know that he cannot bar it from his life. It was my privilege to be with our sister when her husband departed this life. I saw the shadow and sorrow come into her life when she was left alone. Life is a tragedy, and we cannot avoid the trouble; but if I said only this today, I would not be saying the same thing which Mrs. Coleman wanted me to say."

"Life is also a glory. The grace, faith and kindness of people like the one whose memory we hold this service for make it a glory. In the old days the artist drew pictures of the saints. After they had done the best they could in depicting the goodness and nobility in those faces, they looked at them and found something lacking. So they drew a halo about the brow. It seems to me that Mrs. Coleman was one who was worthy of such a halo."

"Life is also incomplete here. I suppose the oldest book in the Bible is Job, and I find there the oldest and most important question which man has ever asked: 'If a man die, shall he live again?' You will not find proof of immortality in science or culture; but there is one absolute proof. Every race, every people in every age, has had a belief in immortality. If I had never seen water and were shown a fish, I would conclude that there must be some element such as water in which that animal lived. If I knew nothing of air and saw an eagle, I must conclude that there is such an element as air in which that bird flies. Whatever is generally held to be a fact by the majority of mankind, that must be true."

"And yet the great proof lies in the fact of Christ, who came from the life beyond, told us about it and went back to it. We believe that our sister has gone to be with Him. Life is a tragedy it can be a glory, made so by the life and faith of those who are looking forward to completing this life in Eternity."

Those in charge of the beautiful floral offerings were: Mrs. L. P. Hauck, Mrs. C. E. Cole, Miss Mildred Brown and Mrs. Tom Harber. The bearers were: Dennis Schram, Joseph Shreve, A. B. Williamson, A. C. Metcalf, Dr. C. E. Cole, and J. K. C. Pierston. Interment was in Diamond Grove cemetery.

HENRY RUBLE, Administrator
L. O. Vaught, Attorney.

FUNERAL OF AGED MAN IN WHITE HALL TODAY

Samuel J. Rigg to Be Laid to Rest this Afternoon in White Hall Cemetery—Other White Hall Notes.

White Hall, March 12—Funeral services for the late Samuel J. Rigg will be held at 1:30 o'clock Tuesday afternoon at the Christian church. The sermon will be delivered by Rev. L. E. Ellison and the singing will be by the Duncan sisters. The G. A. R. members will attend the services in a body and will have charge of the service at the cemetery.

The death of Mr. Rigg occurred at 6 o'clock Sunday morning, and was due to cancer of the stomach. He was a native of Waverly, and was born June 7, 1844.

His father's family located near Athensville when he was a boy of 17, and it was then that he enlisted at the call of Lincoln while under age, but made good, serving as a private in Company A, 61st Illinois Infantry, from February 3, 1862, until September 8, 1865, being mustered out with the rank of sergeant.

Following the war he returned to Greene county, and was located successively at Fayette, Athensville and Richwoods before coming to White Hall forty years ago, and here he has since resided with the exception of two years at Wrights. His first wife died fifty years ago, by whom there are two children, Mrs. Ed Loving of New Boston, Ill., and Rev. Webster Rigg of LaGrange, Mo. There are six children by the present wife as follows: Willard, Mrs. Gilbert Depolster, Mrs. William Owens, Mrs. William McCarthy, all of White Hall; Mrs. Henry Bailey, Alton, and Archie Rigg, St. Louis. There is one step daughter, Mrs. Charles Smith of Manchester.

The surviving brothers and sisters are William Rigg of Athensville; Mrs. J. C. Browning and Mrs. Thomas Staples of White Hall. The deceased was a member of the G. A. R. post and of the First Baptist church. The funeral will be held at the Christian church because repairs are in progress at the Baptist church.

The death of Mr. Rigg leaves as the only survivor of Co. A, 61st Illinois Infantry, in White Hall the person of L. W. Ballard.

Harvey Fry, who was born in northern Greene county 86 years ago last December 10th, spending his entire life in this vicinity and for a few years in White Hall, died at 4:20 A. M. Sunday in the home of his daughter, Mrs. W. L. Nagle, one-fourth mile southwest of Patterson, where he had made his home since the death of his wife about six years ago. He suffered a paralytic stroke a few hours before his death that was fatal. The six surviving children are William Fry, Mrs. W. D. Farmer, G. E. Fry, Mrs. W. L. Nagle, all of Patterson; Mrs. George Fox, Hillview; Andrew Fry, Roodhouse. Funeral services were conducted in the Baptist church in Patterson at 2 o'clock today, and burial was in Edwards cemetery at Barrow.

Carrollton Couple Wed
Harley Chester Crabtree and Miss Faye E. Voyles, both of Carrollton, appeared at the parsonage of the First Baptist church Saturday evening, and at the hour of 5 o'clock were united in marriage by the pastor, Rev. L. E. Ellison. In a simple and impressive ceremony. The groom formerly resided at White Hall, graduating from our high school with the class of 1920. He is a son of J. J. Crabtree, now of Carrollton, and the bride is a daughter of Mr. and Mrs. Marshall Voyles of Carrollton. The groom has followed school teaching since his graduation, and now has a school west of Carrollton. The couple will reside in Carrollton.

WOODSON CLUB TO MEET WEDNESDAY

Interesting Program Planned by Domestic Science Club for Meeting Tomorrow.

The regular session of the Woodson Domestic Science club will be held Wednesday afternoon. The session will be held in the basement of the Christian church and the hostess of the afternoon will be Mrs. Nettie Ezard.

The general subject of the afternoon's program will be "The Community," and the following papers will be presented: "Co-Operation" — Mrs. Nettie Ezard.

"Health a First Interest" — Mrs. Stella Dean.

"Old Time Religion Needed" — Mrs. Margaret Kitcher.

Reading—Mrs. Maude Spainhower.

The roll call subject will be "Keep on Keeping On" and the program will come to a close with the song, "Blest Be the Tie that Binds." The members and their guests will enjoy a social hour and refreshments will be served.

Don't forget I. W. C. endowment fund benefit at Rialto theatre Wednesday and Thursday, March 14 and 15.

ENDED OWN LIFE BY HANGING

Charles A. Root Patient Here Committed Suicide Sunday Morning.

By using the strings of his bathrobe as a rope, fastened over a bedpost, Charles Albert Root, 45, of Esterville, Iowa, committed suicide at Maplewood sanitarium early Sunday morning, the body being found about 7:45 A. M. Coroner Charles A. Rose was summoned and conducted an inquest at the sanitarium, taking the testimony of several of the physicians and employees. The deceased has been in several different sanitariums.

Recently he was in a Milwaukee sanitarium and asked to be sent back to Jacksonville. He had seemed to improve for several months and was allowed to leave the premises and was allowed other privileges, as he was a patient in one of the cottages.

The jury composed of Homer C. Cully, Bloom Lacey, L. E. Sample, Lincoln Cowdin, D. G. Claus and P. G. Stein returned a verdict of suicide.

BROOKLYN BREVITIES

The attendance at Sunday school Sunday, showed another gratifying advance over all previous records. There were forty in the primary room and the total was one hundred thirty-six. Four of the classes were 100 per cent in attendance, and one class had 120 per cent. The special number consisted of a song, sung by the "Rainbow" Class, entitled, "The Garden of Prayer." The

pastor preached a special sermon to the boys and girls present. The subject was "Stamps." The pastor then administered the Communion of the Lord's Supper, and it was an inspiring sight to see about fifty boys and girls participate in this Holy Memorial. There will be no Mid-Week meeting this week on account of the Union Revival at Grace church.

"Always Hungry"

that's the reputation little folks have. Especially when they know there is lots of Karo in the house. To get Karo—be sure to order it by name. It is the highest quality, at lowest prices.

Chocolate Fudge is easy to make

3 cups Granulated Sugar
2 squares Chocolate
2 tablespoons Karo, Blue Label
1/2 teaspoon Salt 1/4 cup Milk
1 tablespoon Maltol
1 teaspoon Vanilla
Cook together sugar, chocolate, Karo, Maltol, salt and milk until it forms a soft ball when dropped in cold water. Set aside until cool. Add vanilla and beat until it creams. Pour into oiled pan and cut in squares. Cocoa may be substituted for chocolate, using 6 level teaspoons.

CITY TOURNAMENT WILL OPEN TONIGHT

Elks to Meet Knights of Columbus and Dokays to Play Basketball—Referee, Brockman to Officiate at Games—Will Use Two Entrances to Accommodate Crowds.

Tonight at 8 o'clock at the David Prince gymnasium Referee Brockman will sound the whistle and the city basketball tournament will open with the Elks and Knights of Columbus to decide the first game. At 9 o'clock the Dokays and the Yankee five will mix to determine the second game.

Both games promise to be very fast as whenever local teams engage the friendly rivalry existing between them leads to fast playing.

The Elks, although slow in getting a winning combination together in the early season are going strong as their recent victories point to and will give any team a hard run for the victory. Seymour, the Elks' flashy little forward from Franklin, has an "eagle eye" for the basket and

will worry any guard. Captain Cain will pick his team from G. Wood, M. Woods, Zell, Reynolds, Seymour, Lewis, Kumble, Arter, Ator and Cain.

The K. C. quintet has one of the strongest teams entered in the meet, having Burchett and Rawlings, star guard and center from Franklin and Kolf, star forward, from Bluffs, on their lineup. They will be assisted by Devlin, Dowling, Rexroat, Carson, Doyle and Harmon. They are entering the meet with a determination to win and will meet the Elks in the first game tonight.

The Yankee five also have strong hopes of placing first in the tournament and have a very fast outfit to back up their hopes. They are playing in their second season and have been defeating many strong teams this year including a number of high school teams. They won 1 and lost 1 to the strong Murrayville high school team and only lost by two baskets to the fast New Berlin American Legion delegation on their floor. They will use Capt. Pulasky, Curris, Savage, McGhee, Murgatroyd, Cooney and Mawson on their lineup tonight against the D. O. K. quintet.

The Dokay Tigers believe they have come out of their slump and will show fans a winning combination. Last year they won the city independent championship and they will play hard tonight against the Yankee five to retain the honor. Jones, Dokay's fast running guard, is in the pink of condition and will be in every play. Captain Wood, will pick his team from Kennedy, Struck, Jones, Reynolds, Covey, Smith, Lawrence and Hicks.

An all star team will be picked during the tournament and all players will play their best to place on the honor roll.

Doors of the David Prince gymnasium will open at 7 p. m. and fans will be permitted to enter at either the southeast or southwest entrances. Two entrances were decided upon in order to accommodate the large number of fans expected in attendance during the tournament.

JAKE SCHAEFER WINS IN OPENING BLOCK

Challenger Defeated By Score Of 500 to 377—Hoppe Was Badly Off Form.

NEW YORK, March 12.—Jake Schaefer, challenger tonight defeated Willie Hoppe, champion, 500 points to 377 in the first block of their 1,500 point match for the world 18.2 balkline billiard title.

The challenger in fine fettle, took the lead on a sixty six count in the first inning, and with two runs, one of 100 in the second and one of 139 in the fifth inning, enjoyed a handicap the champion could not overcome. Hoppe was erratic and never was able to get the feel of the table. He made many brilliant shots.

Put one on—the pain is gone!

MRS. BUTLER'S TERRIBLE PAINS

Vanished After Using Lydia E. Pinkham's Vegetable Compound

W. Philadelphia, Pa. — "When I cleaned house last April I must have overfired, for after that I had pains and aches all the time and was so discouraged I could hardly do my own housework, and I could not carry a basket of groceries from the store nor walk even four or five squares without getting terrible pains in my back and abdomen and lower limbs. I went to visit a friend in Mt. Holly, N. J., and she said, 'Mrs. Butler, why don't you take Lydia E. Pinkham's Vegetable Compound?' My husband said that if it did her so much good for the same trouble, I should try it. So I have taken it and it is doing me good. Whenever I feel heavy or bad, it puts me right on my feet again. I am able to do my work with pleasure and am getting strong and stout." — Mrs. CHARLES BUTLER, 1233 S. Hanson St., W. Philadelphia, Pa.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for a free copy of Lydia E. Pinkham's Private Text Book upon "Ailments of Women."

Head-cells! This is what you need when you see pimples staring at you in the mirror. Blackheaded pimples are caused by impure blood. You can cure everything under the sun—your face and only one answer, more cell-power in your blood. The tremendous results produced by an increase in red blood cells is one of the A. B. C.'s of medical science. Red-cells mean clear, pure rich blood. They mean clear eyes, lovely complexion. They mean nerve power, because all your nerves are fed by your blood. They mean freedom from pimples, from the skin diseases, from rheumatism, from indigestion, from that tired, run-down feeling. Red blood cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1875 as one of the great blood builders, blood-purifiers and system-strengtheners ever produced. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

WILLIAM Z. FOSTER IS NOW ON TRIAL AT ST. JOSEPH, MICH.

Charged with Teaching Doctrines of Criminal Syndicalism

(By The Associated Press)
ST. JOSEPH, Mich., March 12.—William Z. Foster of Chicago, was placed on trial in circuit court here today charged with assembling with an organization formed to "teach and advocate the doctrines of criminal syndicalism."

Three other charges of the indictment, accusing Foster of advocating crime and violence have been dismissed by the court. Conviction carries a penalty of 10 years in prison or a \$5,000 fine or both.

Selection of a jury for the case, which grows out of a raid on the communist convention held here in the isolation dome country several miles south of St. Joseph last August may be completed by tomorrow night.

The examination by both state and defense covered a wide range of questions from local politics to international affairs. The state questioned the prospective jurors particularly as to whether they had read propaganda for the defense mailed to voters throughout the county during the last few days by the American-Civil Liberties union of New York.

Altho 15,000 letters were said to have been mailed to as many voters here only one of the panel called for jury recalled having seen the pamphlets.

The state maintains the civil liberties bureau letter was aimed particularly at prospective jurors. The letter closed by asking:

"Will you read the enclosed and then ask yourselves whether you are willing to be party to the trial of all these defendants in your county at the instance of outsiders who are using your law, at enormous expense to you as taxpayers to serve their own private interests?"

Edgar Owens and Max Bedacht, two of those involved in the Illinois case, are fellow defendants with Foster here awaiting trial; while Charles E. Ruthenberg, Harry Winitsky, convicted in the New York case are also under arrest here.

Eight of the ten defendants who surrendered Saturday including Rose Pastor Stokes, Edgar Owens, Max Bedacht, Robert Minor and Ella Bloor, have not yet arranged to give the \$1,000 bonds required. In the meantime they are at liberty on their own recognizance.

PUBLIC AUCTION SALE Thursday, March 15th, 1923 at farm 4 miles west of Prentice, 4 miles northeast of Sinclair, general farm sale.—P. J. Cavanaugh.

RADIO LOCATES TRAINS LOST IN STORM

(By The Associated Press)
CHICAGO, March 12.—With land telephone wires down in the western division of the Illinois Central railroad and many trains delayed by the storm which swept this section last night, radiophone broadcasting stations in Chicago today took up the task of locating lost trains. The Hawkeye Limited, the Illinois Central fast train between Omaha and Chicago, which was delayed for ten hours west of Preppert had been reported as lost when word was telephoned from Clinton by an amateur radio fan that it had left Preppert and was on its way to Chicago.

Two powerful broadcasting stations in Chicago were used. They were the Westinghouse Broadcasting station, KYW and the Chicago Board of Trade station WDPAP notifying amateurs of the trains lost and their approximate location. The announcers requested that listeners get into communication with local train dispatchers and obtain any information possible. They were asked to telephone the nearest number of the amateur relay league an association of amateurs' own stations so that information could be relayed to Chicago via the air.

A. T. Wilbur, chief train dispatcher of the Illinois Central railroad, who started the plan of using the broadcasters, said that it had been highly successful, several trains being located.

FRANKLIN

Mr. and Mrs. John Votmsier entertained at 1 o'clock dinner Sunday. Those present were Mr. and Mrs. Charles McLamar, son and daughter; Viron J. Ransom and Mr. and Mrs. Vernon McLamar.

A few friends of Mrs. John Bland were invited in for supper and to spend the evening Sunday.

EAST GREASY.

Mrs. G. W. Dobson has been ill for the past two weeks at her home here.

Little Charles David Strawmatt is suffering from whooping cough at present, having narrowly escaped an attack of bronchial pneumonia.

Mr. and Mrs. J. Mayberry moved recently from this community. Their many friends are sorry to lose them but wish them happiness in their new home.

Charles Bolton and family have moved to the G. L. Riggs farm near Nortonville.

Claude Bolton and family are now residing on the Orville Mutch farm which Mr. Bolton recently purchased.

Mr. and Mrs. Carl Riggs are the new tenants on the Henry Rea farm near here.

THE STORY OF EGYPT

By Judge M. T. Layman

(Continued from Sunday)
In a country of varying scenery, such as hills, rivers, mountains, forests, plains, valleys, etc., diverse taste and conflicting political interest arise, and there is a tendency to the development of popular institutions and republics arise and prosper among the struggling masses which produce antagonistic political preference, but in a country where the natural environment of all classes is the same, governments of an opposite tendency are established, hence, the monarchical government will find its natural development in the sameness of the situation of its people, and these natural environments doubtless were the principal cause which established the monarchical government of Egypt, and fixed its cases so strongly.

Egypt may not be the oldest country, but Egyptian history, outside of Revelation, is the oldest history, for here we first find a government and political institutions established. Abraham visited Egypt in the twentieth century before Christ and found a prosperous monarchy there. The great pyramids had then been standing about 500 years. Its records, literature, and monuments, surpass in antiquity, that of any other nation.

Cheap and abundant food would naturally make this one of the principal habitations of the early race of man. It would cost less than \$4.00 of our money to bring a child up to manhood. This presents to the American youth quite a phenomena in the expense of living, for that would not take him thru one social evening, or pay the expenses of a single day's outing when he was having a high time with his boon companions.

Her government was hereditary monarchy, but the rule of the Pharaoh was not unlimited. The priesthood was the ultimate ruling power. The priests possessed the exclusive knowledge of reading and writing and all the medical and scientific knowledge, and prescribed a religious ritual under which the life of every Egyptian must pass, even the king was not excepted, and we would conclusively infer that the priesthood was a wise sect of people, for we are told in the Scriptures that Moses was learned in all the wisdom of the Egyptians. The Egyptian priests possessed quite an extensive knowledge of geometry and arithmetic, for they taught the Greeks the problem that the square of the hypotenuse is equal to the square of the base and perpendicular.

The most remarkable skill of Egypt is exhibited in her buildings and other structure. At least 70 of her pyramids stand on the left bank of the Nile in the vicinity of Memphis. The largest of these covers more than 13 acres of ground and is 450 feet high; is twice the extent of any other building in the world, and it required the labor of 360,000 men for 20 years to build it. How the massive stones were raised to such a height is now a mystery. It required the labor of 2,000 men for three years to bring one stone from the quarry to the structure in which it was placed. History furnishes no traces of derricks or other machinery used in elevating them. One theory is (which is the most probable) that as the structure advanced, they elevated the ground and were thereby enabled to slide the stones to their positions. As to what these great structures were built for, historians do not agree. Some claim that they were erected by the command of the Almighty to perpetuate the history of the race, and that this fact will be fully established by the future discoverers, as the buried ruins are unearthed, and the hieroglyphs are translated, and in support of this theory, cite the fact of the discovery in 1799 of the rosea stone by some of Napoleon's troops in lower Egypt. The translation of the inscription on this stone have thrown a flood of light on the history of this ancient land. Others claim that they were built for scientific purposes, as all the parties are in harmony with the science and the position of the Solar system. But the most reasonable theory is that they were built for the sepulchres of kings, for history seems to establish the fact that as soon as a Pharaoh ascended the throne, he began to erect his sepulcher. One remarkable image in the colossus called the Sphinx. This figure is hewn out of living rock, has the body of a crouching lion, and the head of a man, capped and bearded, and is 190 feet in length. Between the paws, which are extended to a distance of 50 feet, is a monumental stone bearing the name "Khafra" who is said to have dedicated the image. The shoulders are 36 feet in breadth and the head measures 28 feet and 6 inches, and its solemn visage looks out toward the Nile.

The art of writing was practiced more extensively by Egypt than by any other contemporary nation. The oldest monuments are pyramids, and also natural structures, bear numerous inscriptions. Hieroglyphs were scattered everywhere which has become a synonym, for everything that is mysterious. The means by which such marvelous results were reached, has never been ascertained. It is not known that they were acquainted with the use of iron and steel.

They had at least some conception of an individual God, and the immortality of the soul, but this knowledge was confined to the priests and other learned men.

for the illiterate masses regarded symbols of Egypt, such as animals, the true God. The dog, the cat, the ibis, and the hawk were held in reverence by the entire population. They were kept in temples and embalmed after death. The sacrifices were animal and vegetable, with libations of wine and burning of incense. Human sacrifices seem to have been offered at early periods. Egypt may, in many respects, be called the land of wonders. First in climate, soil, and her remarkable river, the Nile, which is the longest river in the world, and the most fertile soil, and the most numerous group of buildings or

The Almighty seems to have selected her as the land in which to multiply His wonders. Here Joseph was sold into bondage, and afterwards by his supernatural wisdom, became the ruler of the country, and was the preserver of the nation, by gathering the corn during the seven years of plenty and garnering it for the seven years of famine.

Joseph and his family went down into Egypt, and became a numerous people, were reduced to a most cruel slavery until they numbered about 3,000,000 souls. Here Moses was born and miraculously preserved, and after he had been in Heaven for about 1,500 years, appeared on the mount of transfiguration with Elias and Christ.

Here it was that the Ten plagues were brought upon Pharaoh and his people, to compel him to let the children of Israel depart from bondage, the last of which was the slaying of the first born of man and beast. The Sea was divided by a strong East wind and the Israelites crossed over on dry land and Pharaoh and his hosts were overthrown. One historian says, that still there have always been a great number of Jews in this land, and that they appear to be more degraded than in any other country, and are held in abhorrence by the townsfolk, and often treated with great cruelty.

As already said the government was monarchical, the system rest-

tain ritual prescribed by the priests, no approval of the rulers, and dismissed them at their pleasure, therefore the government became corrupt, which was one of the principal causes of the decay of Egypt.

Ridpath says, "That besides the king and his retinue of princes there were few eminent Egyptians. There were no distinguished families in the land, no great generals, no orators, no poets, no statesmen, even the priests were noted as a class, not as men. All grandeur proceeded from the Sovereign, was derived from him."

In no other great nation of the world has there been such a dearth of individual achievements.

The great names of Egypt are the names of the Pharaohs. The Saviour says, "That the great characteristics of Egyptian institutions was their unchangeableness. This stationary character is seen in the government, society, art, religion and learning. Egypt herself was a 'mummy'."

ROODHOUSE CLASSES PLAN TO GIVE PLAY

Juniors and Seniors of Community High School to Present "The Gypsy Rover" March 29 and 30 — Other Roodhouse News.

Roodhouse, Illinois, March 12.—The junior and senior classes of Roodhouse Community High school will present the romantic musical comedy entitled, "The Gypsy Rover" in three acts on Thursday and Friday night, March 29 and 30 in Assembly Hall. It is a benefit for these classes and the proceeds will go to defray expenses of the annual Junior-Senior banquet. Those who are in a position to know say it will be a real musical treat, and includes a cast of fifteen characters. It is being presented under the direction of Mrs. Vergil Rawlings, Miss Thelma Chapman and Miss Esther Duncan, all of the high school faculty.

This is the first musical attempted by the school and will draw large audiences on the evenings of its presentations.

Mrs. Ross Denney was up from Carrollton Thursday.

Dr. C. Bates who is leaving Roodhouse soon to locate in Omaha, announces that he has sold his office equipment and good will to Dr. N. J. Bucklin, A. B. M. D. of Chicago.

W. A. Jolly from Lake Worth, Fla., writes that he will return to his home Wednesday 14th. Mrs. Jolly does not expect to start home before the first of April. They have had a delightful visit.

Dr. Bucklin will be here March 12th, and occupy Dr. Bates' former office.

The people of this vicinity may not realize it but Roodhouse has indeed been fortunate in having had the only band organization to be able to hold itself intact thirty many years. The present organization recently re-organized and remained as the Roodhouse Concert Band. It was formed in Roodhouse seventeen years ago and was named the Roodhouse Juvenile Band and nursed thru its infancy by the late Mr. George M. Wyatt who was a pioneer band man in this locality. No doubt Mr. Wyatt has organized more band organizations than any other one man in this section of Illinois.

Spring Fashions

Are now on display at our store. We are able to offer you some wonderful values in Mens and Young Mens Suits at very moderate prices. We are featuring the well-known line of Emery shirts which are correctly made and contain neat and new patterns.

T. M. TOMLINSON

FIRPO WINS IN TWELFTH ROUND

NEW YORK, March 1.—Luis Angel Firpo, giant heavyweight from the Argentine, tonight was a notch nearer a title match with Jack Dempsey. Facing the hardest fought battle of his career, he knocked out Bill Brennan, Chicago veteran in the twelfth round of a sloshing bout at Madison Square Garden. The South American outgeneraled and outboxed by his more experienced rival for good share of the contest, brought the bout to a sudden conclusion by an attack of tiger-like fury. Pummeling Brennan about the ring in the final round, with a battery of rights and lefts to the head that landed with crushing force, the South American finished the fight with a smashing right to the side of his opponent's head.

It was a blow worthy of a Tarzan and Brennan lay inert for several seconds after the count of ten. He had to be helped to his corner. Firpo's dramatic victory drew forth tumultuous acclaim from a throng of more than 12,000 that taxed the garden to capacity. He was surrounded by a group of ardent countrymen who were prevented only by the police from lifting him to their shoulders in triumph.

Firpo's terrific punching ability, especially with his right, was the factor that enabled him to overcome the greater defensive skill and ring generalship of his opponent. Still crude in his foot work and boxing ability he showed marked improvement over the form he displayed on his previous appearance in this country and proved that he can take as well as give punishment.

A bad gash which Brennan

opened over his left eye causing a steady stream of blood seemed to worry the South American. He lost some of his aggressiveness and in the fifth and sixth rounds was an easy target for Brennan's jolting jabs and uppercuts, while the veteran blocked most of Firpo's rushes.

Game and fighting back under the hottest of Brennan's fire, Firpo demonstrated his resourcefulness and remarkable stamina by staging his victorious rally in the twelfth round. The knockout delivered after two minutes and 37 seconds of fighting in the final session.

RETURN TO HOME

Mrs. William Benson Jr. and son William have gone to their home on South East street, from Passavant hospital.

WITH THE SICK

Lyndon Reynolds who has been ill with flu at the home of Mr. and Mrs. C. F. Smith, Caldwell street is improving.

Mrs. Alma Leonard who has been ill at her home on Cal street with flu is getting nicely.

Mrs. George Waffall, daughter Mrs. Harvey Brink left yesterday for Chicago to attend the funeral of Mrs. Reese.

HAS PINE STREET HOME

Mrs. Ida Dailey, who has been ill at Prospect street, is resident at 203 Pine street.

Social Events

Plan St. Patrick's Day Party.

Mr. and Mrs. Lawrence DeGoe of 610 West State street have issued invitations for a St. Patrick's day party for the evening of Friday, March 16. Bridge and five hundred will be played and a delightful evening is in prospect for the ones who have been invited.

Give Surprise Birthday Party.

It is conceded by everyone that Sunday, March 11, was a very

bad day, but John E. Young of 512 South East street has no real cause for complaining. He is celebrating his birthday, Mrs. Young and daughter planned a surprise for him and to say that he was really surprised would be putting it very mildly. Invitations were quietly sent out to a number of his friends, and, despite the threatening weather about thirty responded and appeared just before dinner with well filled baskets. There was nothing good to eat that did not appear in the table.

The party spent the day with Mr. and Mrs. Young and all enjoyed themselves in a social way. Those present were: W. W. Young and family, C. T. Pierce and family, William Hull and family, all of Litchfield; Ollie Moore and wife of Alexander; C. W. Yancy, and sister of Ashland; Harold Farmer of Sinclair; Mr. and Mrs. C. W. Hyde and James G. Segar of Bluffs; D. M. Thorne, wife and baby, V. D. Wood and wife, William Hudson and wife and W. M. Young all of Jacksonville. The guests thoroughly enjoyed the day, and expressed the hope that Mr. Young may have many more happy birthdays.

WAVERLY MAN HAS GONE TO ST. LOUIS

Carl Blair Takes Position In Hardware Firm In St. Louis--Other Waverly News.

Waverly, March 10--Carl Blair has gone to St. Louis where he has accepted a position with a hardware firm.

Mrs. Charles Rossman went to St. Louis to visit friends for the week end.

Mrs. Eva Morris of Cherokee, Ia., is visiting at the home of her son, Frank.

Joe Masters has returned from St. John's hospital where he has been the past two weeks for treatment.

Miss Faye Crowell of Warrensburg, Mo., is visiting at the home of her parents, Mr. and Mrs. C. E. Crowell.

Frank Beatty left for Detroit, Michigan where he was called by the serious illness of his nephew, Phineas Dale.

Mr. and Mrs. Albert Spiros of Jacksonville spent several days visiting friends here.

Frank Kennedy has returned home from St. Louis where he has been working the past month.

CUTICURA HEALS ITCHY RINGWORM

Eruptions Formed. Pained Badly. Could Not Sleep.

"My trouble began with a ringworm on my limb. As time went on the matter grew worse and itched badly. When I scratched sore eruptions formed, which at times pained so badly that I could not sleep. My stocking used to irritate the breaking out."

"I tried many remedies but none of them helped me. I sent for a sample of Cuticura Soap and Ointment and finding that it helped me I bought more and in less than two weeks I was healed." (Signed) Miss Mary Geisman, 416 Garfield St., Chelsea, Mich., July 17, 1922.

Use Cuticura for all toilet purposes. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden 43, Mass." Sold everywhere. Soap 25c. Ointment 25c and 50c. Talcum 25c. Cuticura Soap shaves without razor.

MISS MORRIS WINS MATHERS CONTEST

Was Awarded First Prize at Annual Declaration Contest at I. W. C. Monday Evening--Miss Frances Brown Won Second Honors.

Miss Ethel Morris was awarded first honor in the annual Wesley Mather's declamation contest held in Music hall at Illinois Woman's College Monday evening.

A large audience heard the declaimers and all of them did excellent work, showing the result of careful and capable training. The judges were Mrs. George Scott, Mrs. Paul Samuel and Rev. Myron L. Pontius.

Miss Morris read a scene from the Music Master, the play in which the noted actor, David Warfield has appeared with such great success for a number of years.

Miss Brown who was awarded second honors gave a reading of "Her First Appearance," by Richard Harding Davis. This little story was used with great success a decade or more ago by Robert Hillard on the speaking stage.

MURRAYVILLE AID TO HAVE CELEBRATION

M. E. Ladies Aid Society to Celebrate 27th Anniversary Next Monday Evening--Other Murrayville News.

Murrayville, March 12--The Ladies Aid society of the Murrayville M. E. church will celebrate the twenty-seventh anniversary of its founding next Monday evening, March 19.

The members and their families will be present and supper will be served at 6 o'clock in the church basement. Mrs. Edith Millard is the president of the society and in charge of the general arrangements.

The supper will be followed by an excellent program and a good time generally. The program committee includes Mrs. Maude Rimbey, Mrs. Ruth Robinson and Miss Stella Cunningham.

News Notes

The W. F. M. S. will meet Friday afternoon with Mrs. Nettie Millard.

Mr. and Mrs. Edwin Cade expect to become residents of Jacksonville in the near future.

The condition of Mrs. Charles Sooy who has been seriously ill for some time remains unchanged.

Mrs. J. T. Wild went to the home of her son Taylor Wild near Roodhouse the latter part of the week, being called there by sickness in the family.

Mrs. J. L. Solomon and Mrs. L. C. Collins were St. Louis shoppers Monday and Tuesday.

Mr. and Mrs. George Tannahill went to Manchester Sunday, being called there by the death of Mrs. Tannahill's uncle, Duncan McEvers.

Ernest Long who is employed at White Hall, spent Sunday here with his family.

Mrs. H. U. Osborne went to Centralia Friday to visit her daughter, Mrs. E. R. Clemmons and husband.

Mrs. T. G. Beadles and children were week-end guests of her parents, Mr. and Mrs. Charles Greenwalt in Jacksonville.

Master Byron Blakeman of Normal, is visiting relatives here this week.

Mrs. Herbert Zachari of Anchorage, Ky., came Sunday to see her grandfather, William Lenon who has been seriously ill for some time, and to visit other relatives.

H. C. Duckels of Chesterfield was a week end visitor at the home of his daughter, Mrs. L. C. Collins and family.

T. G. Beadles has purchased a new Ford touring car.

The music pupils of Miss Elizabeth Slaughter gave a recital Saturday at the home of Mrs. J. L. Solomon.

David Fuller is recovering from his recent illness, being threatened with pneumonia.

MOST AUSPICIOUS OPENING OF REVIVAL

Audience Completely Fills Grace Church on the Opening Night Despite Many Attractions--Sermon By Dr. F. M. Rule.

An audience that filled the auditorium of Grace Methodist church was present at the first night of the city-wide revival meeting. Nine of the pastors were present: Rev. W. E. Spoons, of Northminster, presided. Rev. T. W. Smith, of Westminster, read the scripture lesson, and Rev. G. W. Randle, of Brooklyn, led in prayer.

Prof. Arnold Lovejoy, with his characteristic pep and contagious enthusiasm led the congregational singing, with Mr. Willard Wesner at the piano. Prof. Lovejoy sang two solos "Hear My Prayer" and "Come, Jesus, Redeemer."

Rev. F. M. Rule, D. D., pastor of Durbin M. E. church, was introduced as the preacher and announced for his subject, "God," and his text, Zechariah 4:6. "Not by might, nor by power, but by My spirit, saith the Lord of hosts."

He said: "There is no argument in the Bible to prove there is a God, that man is a spirit or that he is immortal. These facts are taken for granted."

He called attention to the spirit of co-operation between the ministers and the city authorities and declared it is the purpose of both to create a bigger and a better Jacksonville.

"This can only be accomplished by a recognition of the Divine presence and power. We are in a cloud-land when we talk of being conscious of the Divine presence."

"The tall, uncrowned men of the past have testified to the consciousness of Divine help in the performance of their duty. This is God's world and a sense of the reality of the eternal is the greatest need of the world."

I have passed thru the period when there was open, defiant and vulgar denial of God. Now there is a quiet, polite inferential dismissal of God from the affairs of life; the assertion that the Bible is a book number and is not workable under modern conditions.

"America needs something more than legislation, it needs the religion of the Old Book. If we do not have it, this civilization is doomed. The need of the day is for men who are 'God-faithful.' Moses was the most commanding figure of history, until the time of the Nazarene. The secret of his personality was that he endured as seeing Him who is invisible. God is the source of power in the development of character. We do not need God to make us more than men and women but to keep us from being less than God's men and women."

"Six centuries ago Italy was under the hood of Dante. May it be said that our nation is under the hood of a deep and mighty sense of accountability of Almighty God, where the sermon on the Mount and that wordless sermon on Calvary have become the controlling force in the private and public life of men and women."

The speaker then cited Abraham, Moses, John Knox and Charles G. Finney as striking examples of praying men, and appealed to the ministers and people to take this revival to God upon their knees.

At the close of the sermon, announcement was made that a prayer meeting for business men will be held in the Chamber of Commerce rooms, today at 11:40 a. m.

OIL AND GAS DEVELOPMENT IN EASTERN ILLINOIS

An illustrated report (extract from Bulletin 44) on the oil development and possibilities in parts of Crawford, Jasper, Clark, Cumberland, Coles, Edgar, Douglas, Vermilion, and Champaign counties and some adjoining areas has just been released and is available on request and prepayment of 6 cents postage.

The extract from a comprehensive report by Mr. L. A. Mylius is published so as to make available at once maps and cross-sections of a portion of the Eastern Illinois oil field and especially of the surrounding region, in which considerable prospecting is being done and may be expected in the near future. The suggestions and recommendations should be very helpful in directing intelligent efforts to extend the old pools and to discover new production.

Unfortunately the entire report can not be published promptly, and Mr. Mylius is resigning from the Geological Survey to enter consulting practice. Immediately, it is desired, therefore, to issue a summary of the report, including especially the recommendations for future prospecting, thus assuring prompt and general distribution of the results of the author's conclusions.

ENGINEER IS SWEPT OFF STEAMER

San Francisco, March 12--The first loss of life in the windstorm that has delayed shipping off the California coast for two days was reported today after C. B. Anderson, Alameda, was washed or blown from the Steamer Pasadena off Greenwood. Anderson was assistant engineer of the vessel.

YOUNG PEOPLE OF SCOTT COUNTY WED

Clark Tash and Miss Ila Hart Are Married at Bluffs Sunday--Will Reside Near Naples.

The marriage of Clark Tash and Miss Ila Hart, both of the Oxxville community, took place Sunday at Bluffs, the Rev. Reece of that city performing the ceremony. Both young people are well known in Scott county and both have a wide circle of friends in the Oxxville neighborhood.

The bride is the daughter of Mr. and Mrs. Golden Hart, and the groom is the son of Mr. and Mrs. Walter Tash. They were attended by Ogden Sears and Miss Beulah Hart, sister of the bride.

Following the ceremony, a wedding supper was served at the home of Mr. and Mrs. Golden Hart, northwest of Oxxville.

Among those present were: Mr. and Mrs. Hayden Walker of Jacksonville.

Mr. and Mrs. Tash will reside on a farm near Naples, and will begin housekeeping in their new home in a few days.

CHRISTIAN CHURCH NOTES

Five deacons were ordained at an impressive service at Central Christian church Sunday morning.

The group included Henry J. Smith, Lee Sullivan, Bascom Lair, G. Roy Scott and George Hogue. The service was in charge of Rev. M. L. Pontius, who was assisted by A. C. Rice and G. H. Harney, elders of the congregation.

Mr. Pontius used First Timothy 3:8 to 10.

There is both increased and growing interest in the high school class of Central Christian church Sunday school, which now has an enrollment of 64 members.

New quarters must be provided as the class has grown so rapidly in membership. John Bolman is the efficient teacher of the organization and in the development work the president, Miss Virginia Smith and Russell Baker have served as the membership committee.

With the special purpose of development the class is organized into three divisions under Captains Helen Harney, Melchi Hart and Verbel McFarland. Each division began with 18 members and the goal is 30 members for each as soon as possible.

Already division No. 1 has an enrollment of 24 members.

H. C. MEYERS DIES AT HOME IN LOAMI

The death of Henry C. Meyers occurred Sunday afternoon at 4 o'clock at his home in Loami.

The deceased was the father of Henry Meyers of 342 West North street, who was summoned to Loami on account of his father's illness.

The deceased was a native of Germany but a half century since came to the U. S. and his home was established in the southern part of Sangamon county.

Mrs. Meyers died several years ago and Mr. Meyers is survived by three daughters and four sons. They are Mrs. C. W. Jacobs, Springfield; Mrs. Elizabeth Scheele and Miss Bertha Meyers, of Loami; Henry Meyers of this city; Carl, Albert and Gottlieb Meyers of Loami.

There are also three grandchildren and two brothers. Mr. Meyers was a member of the German Lutheran church at New Berlin and his life was consistent with his belief.

BEARDSTOWN CHURCH TO DEDICATE PLANT

Ceremonies Dedicating New Church Building and Community House to Be Held Next Sunday--Bishop Nicholson to Deliver Principal Address.

The new Methodist Episcopal church and community house recently completed at Beardstown will be dedicated next Sunday by Bishop Thomas N. Nicholson. Dr. E. L. Fletcher will also have part in the dedicatory program, as will several prominent Methodist leaders of the Jacksonville and Quincy districts. President J. W. Davidson of Wesleyan University at Bloomington will have charge of the financial campaign to raise as much as possible of the \$30,000 which the big plant has cost.

The church and community house are modern and up to date in every way. There are Sunday school departments, banquet rooms, a gymnasium, and all sorts of room and equipment for young people's activities.

The erection of the new plant has been in progress for several months. The enterprise is partly supported by the Centenary Movement funds. The work of the church at Beardstown is expected to receive a great impetus from the new building and equipment.

GOOD ROADS ADDRESSES MADE AT AUTO SHOW

Frank Sheets and Senator Searcy Presented Views Before Large Audience.

Following the annual dinner of the Automotive association at the Dunlap hotel onday night the automobile exhibit was formally opened at the Auto Inn. A platform had been erected and about a large audience assembled.

Mayor E. E. Crabtree was the chairman and a number of prominent Morgan county men who are especially interested in good roads had seats on the platform.

Brief addresses were made both by Frank Sheets, chief highway engineer, and Senator Earl B. Searcy. The audience was greatly interested in the views presented with reference to the hard roads program and the necessity for the securing of additional funds thru bond issue.

MISSIONARY SOCIETY

The Woman's Missionary society of Westminster church will meet with Mrs. Frank Grear this afternoon at 2 o'clock. A full attendance is desired.

REVIVAL SERVICES CLOSE AT CENTENARY

Special Interest Shown in Sunday Services — Sixty Have Taken Steps for Beginning Christian Life.

A fine interest was displayed in the revival services which came to a close at Centenary church Sunday. The meetings have been in progress for the past three weeks and have been of a very helpful kind, the interest and enthusiasm increasing from service to service.

Nearly sixty persons have taken definite steps to better Christian living during these meetings. The spirit of evangelism was apparent in the Sunday school session and the attendance was large. Fernando Oldham of the school for the blind sang at the Sunday school service and his splendid baritone voice was remarkably well adapted for the selection and the solo added greatly to the spiritual interest of the service.

Mr. Lind began the morning service with one of the most inspiring song services that he has conducted during the entire three weeks. The duet by Mrs. Ransom and Mr. Lind was an especially appreciated feature.

Rev. C. D. Robertson, the pastor, gave a brief sermon on church membership and several

presented themselves as candidates. They are to be received into the church on Easter morning. When the further invitation was given between thirty and forty moved to the altar to express their desire to begin the Christian life.

Rain interfered somewhat with the attendance in the evening but the service, of which Mr. Lind had charge, was very impressive. It was a service of song and prayer in which nearly all present took part. As a feature of the musical program Mr. Lind sang a hymn in the Swedish language.

The Centenary meeting has not been closed but merely transferred to the union services which are to continue thru two weeks and which began at Grace church Sunday night.

MUST SECURE NEW LICENSE PLATES

Inspector Here From Secretary of States Office to Watch for Violation of Traffic Law.

A roundup of automobile owners who have neglected to secure their 1923 license plates has begun here Monday by W. S. Foreman, inspector from Secretary of State Louis L. Emmerson's office at Springfield. Automobile inspectors have police powers and the local authorities will co-operate. A fine is the penalty for driving an automobile without this year's license plates.

"Some years ago when the Automobile Department was unable to send out license plates as fast as the applications came in, people got in the habit of waiting until March or April or sometimes longer to secure their plates," the inspector said. "That condition no longer exists, and has not existed under the present administration. All of the mail that comes into the Secretary of State's office now is answered the day it comes in and there is absolutely no excuse for any man driving an automobile without a license plate for 1923. More than 500,000 licenses were issued by the Automobile Department during the first two months of this year, and a total of \$5,000,000 was collected on these licenses. The department has had no difficulty in keeping up with this work."

"Nothing is gained by delay in applying for a license. It costs just as much in March or April as it does in January, and the owner runs the risk of being arrested and being compelled to pay a fine."

"Every dollar of money collected in automobile license fees goes directly into the hard road fund in the State treasury. It is all used in the building of hard roads. The automobilist, therefore, ought to be glad to co-operate by paying his license fees promptly."

"In this roundup we intend to see that everybody in this vicinity complies with the law."

"In addition to the delinquent automobile owners there are many chauffeurs who are driving automobiles without complying with the law. We are after them too. The law requires anyone who drives an automobile, not his own, for pay to secure a State chauffeur's license from the Secretary of State. This includes drivers of delivery trucks, taxi cabs and busses."

"Local authorities have promised us the fullest co-operation in rounding up all of these delinquents."

PLAN TO OBSERVE SILVER JUBILEE

Meeting Was Held Sunday to Formulate Plans to Observe Twenty-Fifth Anniversary of the Ordination of the Very Rev. Dean Formaz.

A meeting of the men of the Church of Our Saviour was held at Knights of Columbus hall Sunday afternoon to form plans for celebrating the twenty-fifth anniversary of the ordination of the Very Rev. Dean F. F. Formaz to the priesthood.

The priesthood, the inclement weather and an unusually large number were in attendance. The object of the meeting was explained by Father O'Donahue and John W. Clary was appointed temporary chairman and on motion the appointment was made permanent with J. J. Kelly as permanent secretary.

It was decided to make it a triple celebration in commemoration of the seventieth year of the Church of Our Saviour, Father Formaz's silver jubilee, and the twenty-third year of his ministry in Jacksonville.

The chairman appointed James V. Kennedy, E. A. Brennan and J. J. Kelly as a committee of three to assist him in selecting an executive committee to handle the affairs of this celebration. The meeting instructed the executive committee, when appointed, that the celebration should be fully in keeping with the importance of the events.

FARM BUREAU MEETINGS

Lynnville Christian church 7:30 tonight; Murry Implement Store Literberry 2 p. m. Wednesday. F. M. Higgins, speaker.

COMMUNITY HIGH SCHOOL BILL

The community high school bill offered to the lower house of the Illinois legislature by Homer Tice, of Greenview, has much of merit to commend it, says the Highland Journal. In effect it protects property owners from the assessment to taxes for the maintenance of an institution to which they may be opposed. In voting on a community school it would create separate entities of the city and the surrounding territory to be incorporated within the district and requiring a majority of favoring votes in each before such district can be formed. It is proposed to work on the same principle as that employed by a city desiring to extend its corporate limits.

The courts of the state have been clogged with litigation in which this point of compelling property owners to come into a school district is the principle bone of contention and it is with a view of clarifying matters that Representative Tice offers his bill.

BANQUET SPEAKERS DISCUSS HARD ROADS

Searcy and Sheets Presented Highway Question Before Large Audience of Representative Citizens at Auto Dealers Banquet Monday Night.

The fourth annual banquet for members and friends of the local Automotive Dealers' association was held Monday evening at the Dunlap Hotel. Fully 125 persons representing every trade, industry and profession in the city, were seated at the tables in the main dining room. At the speakers' table were seated the following: State Senator Earl B. Searcy, Frank T. Sheets, chief engineer of the state department of highways; E. E. Crabtree, toastmaster for the evening; Rev. M. L. Pontius, Dr. E. L. Fletcher, M. F. Dunlap, Col. O. C. Smith, managing officer Illinois School for the Deaf; Dr. E. L. Hill, head of the Jacksonville State hospital; Robert W. Woolston, superintendent of the State School for the Blind; Prof. F. G. Ames, F. E. Farrell, W. L. Fay, Charles M. Strawn, president of the Automotive Dealers' association, and E. A. Olds, secretary.

Rev Mr. Pontius offered the prayer of grace. During the supper, music was furnished by the Warfield Brown orchestra. Miss Beulah Tull sang, "The Shuza Shu," and "You'll Have to See Mama Every Night."

At the conclusion of the banquet, President Strawn introduced Mayor Crabtree as toastmaster. Mr. Crabtree praised the auto dealers and told of their work for the good of the community. He commended their stand in supporting the city in the collection of the wheel tax. He then introduced Mr. Sheets, who gave an analysis of the road situation in Illinois. He said in part:

"Under the present bond issue of \$60,000,000 the state has thus far completed 1,600 of the 4,300 miles of hard road planned. In 1923 we will build 900 miles of road, and 1,000 miles in 1924, at the end of which time the present bond issue will be exhausted."

"If we continue to build roads with only the funds to be derived from auto license fees and the regular federal and state aid provided by law, we can build 200 miles a year. At this rate the 4,300 miles will not be completed until 1929. However, with \$100,000,000 additional bonds, we can not only complete the system of roads now planned, but add to it 2,500 to 3,000 miles, bringing the mileage of hard roads in the state up to about 7,800, or seven per cent of the total mileage, the amount set by the federal standards."

"If we do not get this new bond issue, the state must face a slump in its hard road activities after 1924. The splendid organization of highway engineers and organization to insure scientific road building must be abandoned."

"This additional bond issue can be financed. With the fees from car licenses we can clear up the entire road bond indebtedness of \$160,000,000 in 25 years and have \$1,000,000 a year left for maintenance of highways."

The toastmaster, then introduced Senator Searcy, who expressed his determination to secure for Morgan county its full apportionment of hard roads. He said that he was not certain whether a bond issue as large as the highway department recommends, is necessary to complete the hard road system of the state, but that he and other legislators must further investigate the matter. The senator gave high praise to the highway department and to Col. Sheets. He said, however, that the bill which Governor Small would no doubt introduce in the legislature on the bond question, would undergo many changes.

The speaker declared himself heartily in favor of all the roads which the state could build. However, he warned the people that the farmers living on the 90,000 miles of lesser roads which would not be paved, also had to market their products and needed good roads. He said that the oiling of these roads and their adequate maintenance was a matter for serious consideration by the state.

Following the benediction by Dr. Fletcher, the banquet adjourned to the Auto Inn, where Mr. Sheets and Senator Searcy addressed a mass meeting of citizens, speaking along similar lines in their discussion of the hard road and the bond issue questions.

Splendid display of spring hats priced very low. Carroll Millinery Parlors, 859 Routh Street.

BOOTH FOR BENEFIT OF ISOLATION HOSPITAL. The ladies in charge of the booth at the Auto Inn, operating for the benefit of the isolation hospital, got well under way Monday. This work is under the leadership of Mrs. E. W. Brown and a new group of ladies will assist at the booth each day.

The ladies will appreciate donations of edibles and invite the visiting public to share its patronage with them when hungry or thirsty.

The chairmen for each day during the auto show are listed below: Tuesday, Mrs. Homer Cully; Wednesday, Mrs. George Peck; Thursday, Mrs. E. A. Olds; Friday, Mrs. Homer Ransom; Saturday, Mrs. C. E. Mason. The general chairman for the week is Mrs. G. B. Andre.

SEE THE AUTO SHOW and Merchants' Exhibit at Auto Inn, every day and night this week. It's free.

MISS WOODMAN IS BRIDE OF H. R. SWAIN

Well Known Young People Married in Impressive Home Ceremony—Will Live in Chicago.

In a very impressive home ceremony Monday afternoon, Miss Isabel E. Woodman became the bride of Mr. Horace R. Swain. The service was said at 3 o'clock at the Woodman home, 1047 West State street. Dr. C. R. Taylor, rector of Grace church, St. Louis, officiated in the absence from the city of Rev. J. F. Langton, rector of Trinity Episcopal church. Only immediate relatives and a very few friends were in the wedding company. Also some of the friends of the young people knew of their engagement, the plans for the wedding were kept secret until Monday.

After the ceremony which had all the dignity that the beautiful Episcopal service can give to such an occasion, the guests spent a half an hour in the parlors of the home and a wedding collation was served.

The bride in this marriage event is the elder daughter of Mrs. U. G. Woodman and graduated from Illinois Woman's college. Afterward she spent some time in musical study and more recently has been a valued member of the Journal staff. An especially gracious spirit has given this daughter of a long time Jacksonville family the lasting friendship and esteem of those who know her.

Mr. Swain is a son of Mr. and Mrs. J. C. Swain of 717 West North street and is a young man who has the substantial qualities that go with that family name. After finishing his course at Illinois college he engaged in farming for a year and afterward took a position in the bond department of the Harris Trust and Savings Bank of Chicago. His work there has entitled him to several advancements.

Mr. and Mrs. Swain left at 4:25 over the Alton for a wedding journey to Hot Springs, Ark. After their return they will be at home to their friends at 5136 Blackstone avenue, Chicago.

RABJOHNS & REID WIN PRIZE FOR DISPLAY

Dry Goods Firm Takes First Place, Andre & Andre Second—Two Firms Tie for Third—Big Crowd Down Town Monday Evening.

Rabjohns & Reid won first prize for the best window display at the Grand Spring Opening Monday evening. Second prize was awarded to Andre & Andre and J. Hart Johnson and Smart Shoe Co. tied for third place. All competing windows received honorable mention.

The committee judging the windows consisted of A. C. Metcalf, chairman; Mrs. A. L. Adams, Miss Harriet Siebert, Miss Clara Cobb, Curtis Copp, Walter Crawford, Col. O. C. Smith and E. A. Brennan.

Hundreds of people were on the square when the bells and whistles and the flashing of electric lights and unveiling of windows announced the opening and the display of the new spring merchandise.

Shortly afterward, the crowd made its way to the Auto Inn, where the Automobile Show and Merchants' Exhibition was getting under way. Many of the booths are not yet complete, but others are up in good shape and present an attractive appearance. The partitioning of many booths with beaver board, in order to give the appearance of rooms is a pleasing departure from the open booth plan followed at previous exhibitions.

The display of cars is almost complete, a few only are yet to be added. Many new models and fancy types of autos are in evidence. Efforts have been made by the dealers to present the latest and best line of cars that could be secured.

The show offers interesting, clean and wholesome entertainment to everybody and promises to be a great drawing card during the week to come.

ORGANIZE NEW CLUB.

A Triangle club was organized recently at the Central Christian church. The first meeting was held Monday afternoon, March 12 at 4 o'clock. The following program was carried out:

Reading—"Little Brown Girl, and I." By Margaret Neal.
Piano Solo—"Cheerfulness," by Annamie Hulett.
Leaflets—"For the Real War, After the War," by Ruthanette May.

"The Conquest of Japan"—Irene Teyman.
"Why Japan Must be Taken for Christ"—Frances Frisch.
Names of all the Missionaries—Thelma Birdsell.
This club is directed by Mrs. W. T. Clarkson, and meets the first Monday of every month.

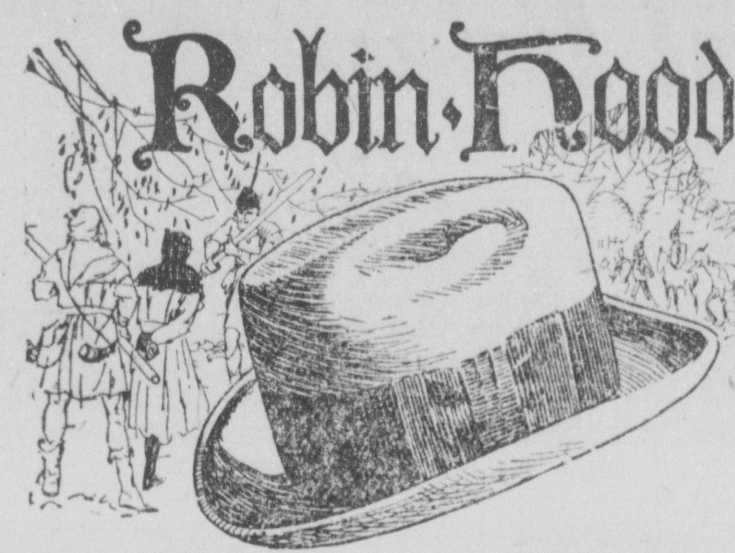

The officers of club are as follows: President—Frances Frisch. Vice President—Irene Teyman. Secretary—Ruthanette May. Treasurer—Thelma Birdsell.

SEE THE AUTO SHOW and Merchants' Exhibit at Auto Inn, every day and night this week. It's free.

Judge M. T. Lavman left early this morning for Chicago. He and Mrs. Lavman will go to Cleveland, Ohio where they will visit their daughter, Mrs. F. C. Sherman.

LICENSED TO MARRY.

FINE PROGRAM GIVEN AT LOCAL CHURCH

Illinois College Conservatory Quintet Pleased Large Audience at Congregational Church Sunday Evening.

The final number of the forum series given this season at the Congregational church was a concert by the Illinois college conservatory string quintet. The musicians who make up the quintet are William E. Kritch, first violin; Eloise Capps, second violin; Carrie Dunlap, viola; Paul Beebe,

cello, and Edmund Munger, piano.

The musicians played together well and the audience was unusually attentive and appreciative of the artistry of the performers. So pleased was the audience with the program rendered that there were numerous requests for a repetition in order that a still larger number of persons may have the pleasure of hearing it.

The singing quintet was one of numbers on the program of the recital given last year by this particular group of musicians. It is rich in melody and was one of the best received numbers. In the

andante number the strings played unaccompanied a part of the time, the piano parts being in sharp contrast with the tones of the stringed instruments. The Wolf-Ferrari quintet shows both the Italian and German influences and is more or less of a classical nature.

This year's forum program have been of a varied nature and have met the approval of the large audiences which have attended.

Y. W. C. A. MEETING OF ILLINOIS COLLEGE

The Y. W. meeting of Illinois college was in charge of the freshmen class Monday afternoon. The leader was Miss Catherine Wilson. The meeting was thrown open to a discussion on friendship. The various sides of friendship were brought up and the discussion grew into arguments which were finally solved and summarized by the leader. Miss Velma Lawrence accompanied by Miss Janet Brown rendered a beautiful solo.

During the meeting the president announced the chairman of the committees for the next year. The new officers and chairmen are as follows:

President—Eunice Williamson.
Vice President—Glenna Smith.
Treasurer—Nellie Swain.
Secretary—Louise Dextriemer.
Bible Study Committee Chairman—Louise Ball.
Publicity Committee Chairman—Elizabeth Johnson.
Social Committee Chairmen—Catherine Wilson.
Membership Committee Chairman—Alice Carter.
Program Committee Chairman—Mary Beatty.
Social Service Committee Chairman—Mary Janet Capps.
Fellowship Committee Chairman—Carol Lander.
Finance Committee Chairman—Nellie Swain.

HOSPITAL BENEFIT BOOTHS AT AUTO SHOW

Ladies of Christian Church to Have Two Booths at Auto Show as Isolation Hospital Benefit.

To benefit the Isolation Hospital the Christian Church Passavant Aid society has taken two booths at the auto show and will serve lunch both noon and evening each day during the show. Any donations from friends of the hospital will be gratefully received, and will be added to the isolation hospital fund.

Mrs. G. B. Andre is serving as general chairman as Mrs. E. W. Brown, the president of the society, is unable to serve. The chairmen who will be in charge on the various days are given below:

Tuesday—Mrs. Homer Cully.
Wednesday—Mrs. George Peck.
Thursday—Mrs. E. A. Olds.
Friday—Mrs. Homer Ranson.
Saturday—Mrs. G. U. Mason.
The coffee committee includes Mrs. Walter Schrage and Mrs. Mae Hitt, while Mrs. C. W. Cully and Mrs. G. B. Andre will be the treasurers.

Tailoring. Suits \$25 up. Pressing while you wait. Repairing. Cleaning properly done. Buttons covered. Frankenberg, N. Main.

W. C. T. U. OPEN MEETING.

On account of the illness at the old people's home the meeting of the W. C. T. U. will be held at the home of Mrs. Blunt, 507 South Prairie street. This is an open meeting and the public is invited.

GONA—the coffee of coffees.

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times a day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation dieting or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 4612 Woodward Av., Detroit, Mich.

Don't Forget Us at the Auto Show

We Will Have on Exhibition a Representative line of both open and closed models

E. W. BROWN, Jr.

305 S. Main Street

This is a Studebaker Year

Man's Conquest of Time

The progress of mankind, from the earliest recorded ages, has been marked, by a ceaseless struggle against the limitations of time and space.

Civilization is mutual interchange of thought and the product of thought. This interchange demands transportation, hence the development of civilization has paralleled the improvements in transportation.

A useful lifetime should not be measured in hours lived, but in deeds done. Doubling man's productive capacity offers the same net result as doubling his period of usefulness or doubling the number of producers.

More than any other single factor of civilization, the automobile has multiplied the producing power of man, by decimating time and distance, and by providing a broad and flexible means for the transportation of men and their products.

The amazing growth of the automobile industry could not have been, had not the automobile more than justified itself as an economizer of manpower, a stimulator of production and a creator of wealth.

for Economical Transportation

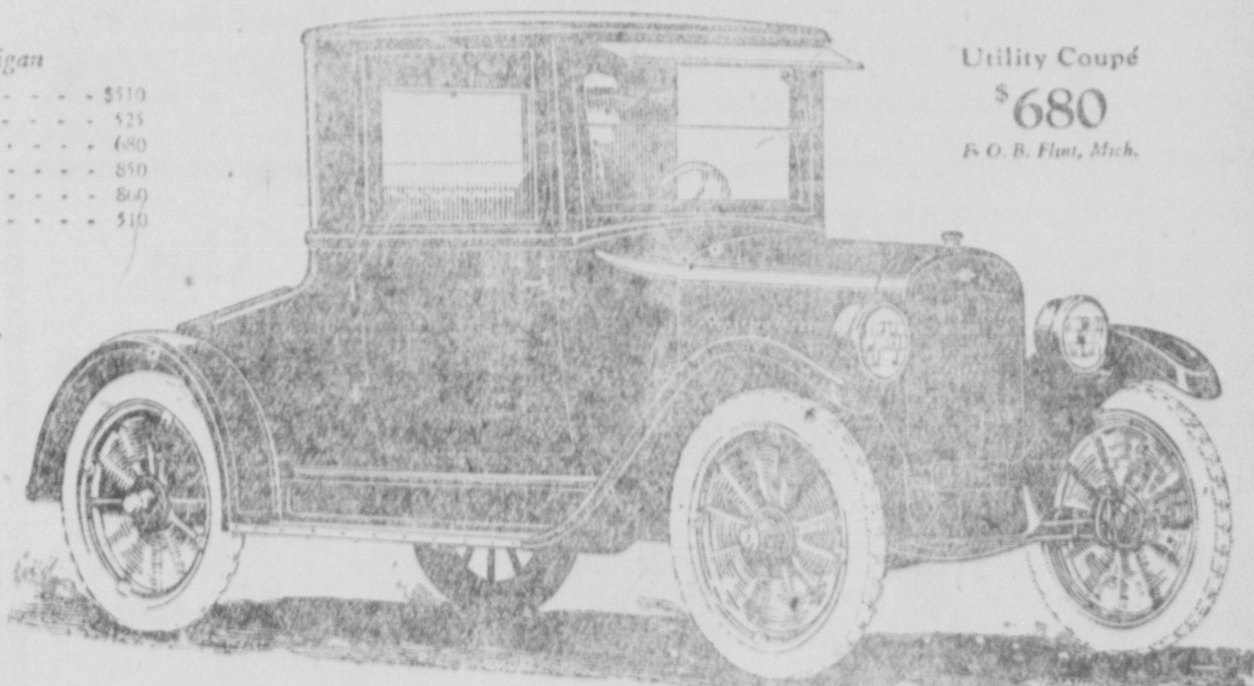

epitomizes the progress of the industry to date along the line of maximum economy consistent with modern requirements as to engineering efficiency and satisfactory quality. The wonderful increase in our sales proves that Chevrolet is leading in the evolution of individual transportation which measures and records the progress of civilization.

BUTTER MARKET ADVANCES HALF CENT

CHICAGO, March 12.—A fair
 demand and light stocks kept the
 butter market firm and resulted
 in an advance on a half cent on
 all scores. Some lots of 92 score
 brought a premium and the under
 scores were closely cleaned up
 but the medium grades were
 negotiated. The car market was
 steady to firm at the closing
 prices.

Closing prices, fresh butter: 88
 score 45c; 87 score 45c; 86
 score 46c; 85 score 46c; 84
 score 47c; 83 score 48c.
 Centralized car lots: 89 score,
 46c; 90 score 47c.

**Save from
\$52 to \$78
a year**

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

GENUINE

"BULL"
DURHAM
TOBACCO

★ What a place "Bull" Durham holds in the hearts of Americans! Can you think of any other brand that has been the favorite of three generations?

Look at its history. From the Civil War to the Great War "Bull" Durham has been the American's greatest standby. Sixty years.

There really is no smoke in the world so altogether satisfactory.

A "Bull" smoker never switches. You can't interest him in any new experiments. He carries his preference wherever he goes.

This is because the special flavor and aroma of "Bull" Durham make a cigarette that can not be duplicated.

Find out. You will never know how good a cigarette can really be until you roll your own out of "Bull".
